reviewed the submission, and recommends action to the Commission, as indicated, 2/2/81
subject to such conditions as noted:

Agenda item: 6

Review phase: II

Applicant/Agency: Port Authority

Submission/Project:

Presented by: Merideth H. Marschak/Hertzka Knowles

Pier 3 Project

Description and Comments:

Pier 3 Project, Phase II, follows design developments as discussed in Phase I. Phase II drawings were presented and explanations given.

A major portion of the project involves the renovation of the transit shed. Private companies who will have boats moored at Pier 3 have plans to use the area for a mixed office-commercial purposes. Plant maintenance is the responsibility of both the boat owners and the Port Authority.

This project was initiated to create public open space in the interim before the permanent public open space is developed on Pier 7 as required by the Bay Conservation Development Commission.

Action recommended: Approve

Subject to:

For the Committee: Dmitri Vedenkyff Chairman

COMMISSION ACTION:

Resolution # 1981-821 : Be it resolved that the Art Commission, City and County of San Francisco, does hereby Approve the submission indicated herein:

For the Commission: Jean Elia, Director

Art Commission Meeting February 2, 1981

ART COMMISSION

CIVIC DESIGN COMMITTEE

The Civic Design Committee of the Art Commission, in its meeting 2/18/81 reviewed the submission, and recommends action to the Commission, as indicated, subject to such conditions as noted:

Agenda item: 5

Review phase: I

Applicant/Agency: DPW

Submission/Project:
Building Q Alterations
Pier 39

Presented by:

Donald Clever Design Inc./Donald Clever

Description and Comments:

New second level store for western clothing will have new wood shingle shed roof porches, horizontal siding, new doors and windows.

All new construction will be kept below the painted railing on the third floor above.

Committee suggests that all new framing, shingles and siding be given a coat of weathering stain, and that no signs be attached to deck railings.

Action recommended: Approve

Subject to:

For the Committee: Dmitri Vedenky/jc Chairman

COMMISSION ACTION:

Resolution # 1981-837 : Be it resolved that the Art Commission, City and County of San Francisco, does hereby Approve the submission indicated herein:

For the Commission: Joan Ellison, Director

ART COMMISSION

CIVIC DESIGN COMMITTEE

The Civic Design Committee of the Art Commission, at the A/C
reviewed the submission, in its meeting 2/2/81
and recommends action to the Commission, as indicated,
subject to such conditions as noted:

Agenda item: off-calendar

Review Phase : I, II, III

Applicant/Agency:

Pacific Union Development Co.

Submission/Project:

Wharf Plaza Play Area

Description and comments:

Presented by:

Mr. Tom Callinan

Mr. Tom Callinan of Pacific Union Development Company made a presentation the Phase I, II, & III review of a grass and play area at Wharf Plaza. The park area will be located at the closed off block of Francisco Street as it adjoins Telegraph Hill.

Mr. Callinan explained that Wharf Plaza is a 230 unit, federally subsidized rental project located at Kearny and Francisco Streets in San Francisco.

Drawings were presented and further explanations given.

Action recommended: Approve

Agenda item: 6, B.

Review phase: I, II, III

Applicant/Agency:
Walker and Moody Architects
Presented by:
Commissioner Dmitri Vedensky
Description and Comments:

Submission/Project:
Ticket Kiosk, Pier 39

Ticket Kiosk is located west of the park at Pier 39.
Bay Conservation Development Commission (BCDC) requested
revision of original plan due to size of kiosk.

Commissioner Vedensky explained that the Kiosk is the
location where tickets for the Blue and Gold Harbor
Tours are sold and it was not originally part of the
Pier 39 design. After further discussion with BCDC,
revisions were made and approved by BCDC based on the
change in size and location of the Kiosk.

Action recommended: Approval

Subject to: COMPLETION OF ALL TRIMWORK, PARTICULARLY UNDERNEATH EDGE OF ROOF; LOWER PART
OF KIOSK TO BE COVERED WITH REDWOOD SIDING; AND THE PRESENTATION AND APPRO-
VAL OF GRAPHICS.

Description and Comments:

Submission/Project:

Pier 39, Building Q, Area 1
Revisions

Project follows design developments as revised in
Phase I, according to Civic Design Recommendations.

Building is close to the entrance of Pier 39 on the
east side; store is located on the second floor and
will sell Western merchandise. Sample of rope mat-
erial which will be used for exterior lettering was
presented. Lettering will be placed on stained
wood. Sample of wood stain presented which was a
dark brown. Chairman Vedensky requested that the
stain be changed to be more in keeping with the
existing colors. Windows will be installed..

Review phase: II

Applicant/Agency:

Submission/Project:

Presented by: Turnbull Associates

Archway - Embarcadero Project

Description and Comments: Henry Siegel

Mr. Siegel explained that the present design of the archway replaces the former design because of his client's concern with children climbing the tower. The archway is located at the bend of the Embarcadero Promenade and functionally marks a change of direction of the walkway.

Archway's structural material is granite, and its portal is inset with steel. The archway stands before a backdrop of the Bay Bridge, its height reaching approximately 40'.

Suggestions had been made to paint the archway in the same coloring as the Golden Gate Bridge, to create an allusion to an interplay between the two bridges.

Action recommended: APPROVE

Turnbull Associates
Presented by:

Embarcadero Promenade Project

Mr. Henry Siegel
Description and Comments:

Design follows Phase I review.

Mr. Henry Siegel presented working drawings, models and gave explanations of the project. The revisions to the Embarcadero Promenade Project are designed to tie in with I.M. Pei's renovation of the Agriculture and Ferry buildings in the same vicinity.

The promenade is a semicircular, stepped walkway leading to the water. Specific revisions include granite benches, series of wider steps and a higher wall.

Action recommended: Approve

Subject to:

reviewed the submission, and recommends action to the Commission, as indicated,
subject to such conditions as noted:

Agenda item: 8

Review phase: I, II, III

Applicant/Agency:
Storek and Storek Architects
Presented by:
Igor Janec
Description and Comments:

Submission/Project:
Revocable Encroachment
77 Geary at Grant

Existing sidewalk will be repaved with brick tile in
a herringbone pattern set in plain brick borders. New
light fixtures will be added (old fashioned cast iron),
along with fibreglas planters (cast pattern planned
similar to cast iron of existing store).

Glass and metal canopies with canvas edging at main
building entrances.

Committee requests that lights and planters both be set
in a coherent pattern with canopies, and that new light
poles align with existing light poles.

Action recommended: Approve

Subject to: Final color selection for planters, and submission of revised
plan of light and planter locations.

For the Committee: Dmitri Vederovskij Chairman

The Civic Design Committee of the Art Commission, in its meeting May 18, 1981 reviewed the submission, and recommends action to the Commission, as indicated, subject to such conditions as noted:

Agenda item: 5

Review phase: I

Applicant/Agency: Airport

Submission/Project:
Hilton Hotel Addition

Presented by: Gene Gee S.F.I.A.

Description and Comments: 315 rooms will be added to the airport Hilton. Existing rooms are in three fingers, 3 stories high, running N-S. New rooms will be in two buildings running E-W, and elevated above the existing rooms. Construction will be steel and concrete.

The Committee noted some design problems which will have to be dealt with: appearance of the underside of the new buildings from ground level, appearance of existing roof tops from new rooms, visual relationship between existing (wood frame construction) and new (steel and concrete) in order to make the project appear homogeneous.

A study of building heights with relation to existing trees along the freeway was requested.

Action recommended: Approve

Subject to:

ART COMMISSION

CIVIC DESIGN COMMITTEE

The Civic Design Committee of the Art Commission, in its meeting June 22 1981 reviewed the submission, and recommends action to the Commission, as indicated, subject to such conditions as noted:

Agenda item: 1

Review phase: II & III

Applicant/Agency:
R.O.M.A. & Port of San Francisco
Presented by: Boris Dramov

Submission/Project:
Fisherman's Wharf Pavilion

Description and Comments:

Roof of pavilion to be copper; columns to be pre-cast concrete.

Committee requested that the awning design be re-submitted.

Action recommended: APPROVAL

Subject to: resubmittal of awning design

For the Committee: Robert La Rocca Jr Chairman

COMMISSION ACTION:

Resolution # _____: Be it resolved that the Art Commission, City and County of San Francisco, does hereby _____ the submission indicated herein:

For the Commission: _____, Director

Art Commission Meeting _____

ART COMMISSION

CIVIC DESIGN COMMITTEE

The Civic Design Committee of the Art Commission, in its meeting June 22, 1981
reviewed the submission, and recommends action to the Commission, as indicated,
subject to such conditions as noted:

Agenda item: 2

Review phase: II

Applicant/Agency:

Submission/Project:

San Francisco International Airport

San Francisco Airport Hilton Hotel
Addition

Presented by:

Gene Gee

Description and Comments:

Building facade is plaster over metal studs. Penthouses are combined into one control
tower. Committee requested landscape plan between building.

Mirror glass is not objectionable.

A small utility building will be submitted in Phase III.

Committee expressed concern about the materials, the underside of the structure and
the lack of landscaping within the courtyard.

Action recommended: APPROVAL

Subject to:

For the Committee: Robert LaRocca/jc Chairman

COMMISSION ACTION:

Resolution # _____: Be it resolved that the Art Commission, City and
County of San Francisco, does hereby _____ the submission
indicated herein:

For the Commission: _____, Director

reviewed the submission, and recommends action to the Commission, as indicated,
subject to such conditions as noted:

Agenda item: 3

Review phase: I

Applicant/Agency:

Gerald D. Hines Interests
Presented by:

Submission/Project:

Plaza - 101 California St.

Jay Hanan
Description and Comments:

Pink granite paving sidewalk to curb

Light fixture proposed is similar to the cast iron light fixtures on Market Street.

Trash Units will be custom units also of granite.

Action recommended: APPROVAL

Subject to:

For the Committee: Robert LaRocca Jr Chairman

COMMISSION ACTION:

Resolution # _____: Be it resolved that the Art Commission, City and
County of San Francisco, does hereby _____ the submission
indicated herein:

For the Commission: _____, Director

Art Commission Meeting _____

ART COMMISSION

CIVIC DESIGN COMMITTEE

The Civic Design Committee of the Art Commission, in its meeting June 22, 1981 reviewed the submission, and recommends action to the Commission, as indicated, subject to such conditions as noted:

Agenda item: 4

Review phase: I

Applicant/Agency:

Submission/Project:

Bureau of Architecture
Presented by:

Southwest Ocean Outfall Project

Art Lee
Description and Comments:

Project consists of:

1. Use of earth tones for colors.
2. Fence or secure roof areas.
3. Bollards in front to deter automobile parking
4. Heavy sandblasting - concrete finish
5. Plant vines and shrubs

Committee concerned that soil depth is too shallow on top of the roof.

Action recommended: APPROVAL

Subject to:

For the Committee: Robert LaRocca/jc Chairman

COMMISSION ACTION:

Resolution # _____: Be it resolved that the Art Commission, City and County of San Francisco, does hereby _____ the submission indicated herein:

For the Commission: _____, Director

CIVIC DESIGN COMMITTEE

The Civic Design Committee of the Art Commission, in its meeting June 22, 1981 reviewed the submission, and recommends action to the Commission, as indicated, subject to such conditions as noted:

Agenda item: 8

Review phase: I, II, III

Applicant/Agency:

Submission/Project:

Public Utilities Commission

Forest Hill Station

Presented by:

Lynn Pio

Description and Comments:

This project is a revision to an old building scheme. Existing budget (\$5 million as opposed to the projected \$12 million) only allows the existing building to be copied.

New elevators will be added and 2 new vent structures for air intake and egress.

New plantings and irrigation to be added around the structures.

Action recommended: APPROVAL

Subject to: submittal of 100% bid set

For the Committee: Robert La Rocca/jc Chairman

COMMISSION ACTION:

Resolution # _____: Be it resolved that the Art Commission, City and County of San Francisco, does hereby _____ the submission indicated herein:

reviewed the submission, and recommends action to the Commission, as indicated,
subject to such conditions as noted:

Agenda item: 9

Review phase: I & II

Applicant/Agency:

Submission/Project:

Public Utilities Commission

Cable Car Barn & Powerhouse

Presented by:

Lyn Pio

Description and Comments:

The structure will be entirely re-constructed on the inside.

All exterior walls will be saved.

Project is to match existing character of structure, keep wood, etc. and retain
original quality.

Addition of a handicap access ramp -- this requires a sidewalk variance.

A visitor gallery is to be constructed.

Project budget is \$16 million

Action recommended: APPROVAL

Subject to:

For the Committee: Robert La Rocca/jc Chairman

COMMISSION ACTION:

The Civic Design Committee of the Art Commission, in its meeting June 22, 1981 reviewed the submission, and recommends action to the Commission, as indicated, subject to such conditions as noted:

Agenda item: 10

Review phase: II supplemental

Applicant/Agency:
Department of Public Works
Presented by:
B. von Hungen Groth
Description and Comments:

Submission/Project:
Entrance Ramp for Handicapped
City Hall

The ramps are to be added at Polk Street entrance on either side of the main entrance.

(Note: Landmarks Commission vetoed this project however City Planning Commission over-rode their action)

Ramps will lead to elevators inside City Hall; granite to be used to match existing.

Existing sycamore tree to be transplanted within the existing lawn areas.

Action recommended: APPROVAL

Subject to:

For the Committee: Robert La Roca/jc Chairman

COMMISSION ACTION:

ART COMMISSION

CIVIC DESIGN COMMITTEE

The Civic Design Committee of the Art Commission, in its meeting 21 September 1981 reviewed the submission, and recommends action to the Commission, as indicated, subject to such conditions as noted:

Agenda item: 1

Review phase: I, II, III

Applicant/Agency: Robert J. Malerbi
DPW
Presented by: City Hall - Room 265

Submission/Project:
Marina Harbor: Shower Addition
to Harbor Master's Building

Description and Comments:

Project encompasses extension of building to add shower/toilet facilities. Both stone facing and roof tiles will be matched to existing structure and drawn from old specifications.

Action recommended: APPROVAL

Subject to: SUBMISSION OF SAMPLES OF MATERIALS (stone facing & roof tiles)

For the Committee: John Vadenby / p.f. Chairman

COMMISSION ACTION:

Resolution # 1981-1061 : Be it resolved that the Art Commission, City and County of San Francisco, does hereby Approve the submission indicated herein:

For the Commission: Sam Ellison / p.f., Director

Art Commission Meeting 10-5-81

ART COMMISSION

CIVIC DESIGN COMMITTEE

The Civic Design Committee of the Art Commission, in its meeting 21 September 1981 reviewed the submission, and recommends action to the Commission, as indicated, subject to such conditions as noted:

Agenda item: 2

Review phase: I

Applicant/Agency: Walter Kocian
DPW

Submission/Project:

Presented by: City Hall - Room 265

Richmond Playground Rehabilitation

Description and Comments:

Rehabilitation project deals with a rather locked-in strip of land that has limited possibilities for refurbishing.

Upgrading will essentially include security lighting, substantial addition of greenery, the planting of ivy to cover defining fences, the addition of street trees, and the removal of damaged play structures to give the area a more open-access appearance.

Action recommended: APPROVAL

Subject to:

For the Committee: John J. Schuler / p f Chairman

COMMISSION ACTION:

Resolution # 1981-1062 : Be it resolved that the Art Commission, City and County of San Francisco, does hereby Approve the submission indicated herein:

For the Commission: Joan Schuler / p f, Director

Art Commission Meeting 10-5-81

ART COMMISSION

CIVIC DESIGN COMMITTEE

The Civic Design Committee of the Art Commission, in its meeting 21 September 1981 reviewed the submission, and recommends action to the Commission, as indicated, subject to such conditions as noted:

Agenda item: 3

Review phase: II

Applicant/Agency: Art Lee
DPW

Submission/Project:

Presented by: City Hall - Room 265

Southwest Ocean Outfall Project
(SWOOP)

Description and Comments:

A study of land grades and earth pressures done subsequent to Phase I presentation necessitates a change in the project: submerging the structure to the point of minimal visibility and erecting a lengthy planter box to minimize currents in the existing natural wind corridor.

While existing chain-link fences will be left, overall landscaping (with minor exception) will be left for final contractor: i.e., grading will be left at a 5' short level.

Additional visibility of the completed project will be limited to air vents flush with the top of the aforementioned planter box.

The Committee recognizes the compatibility of the changes in this presentation with the overall presentation made for Phase I--but, nonetheless, recommends disapproval for Phase II at this time for lack of specific and accurate sketches of the structure to be built.

Action recommended: DISAPPROVAL

Subject to:

For the Committee: Janet V. Dunbar / ps. Chairman

COMMISSION ACTION:

Resolution # 1981-1063 : Be it resolved that the Art Commission, City and County of San Francisco, does hereby Disapprove the submission indicated herein:

For the Commission: Paul Ellison / ps., Director

Art Commission Meeting 10-5-81

ART COMMISSION

CIVIC DESIGN COMMITTEE

The Civic Design Committee of the Art Commission, in its meeting 21 September 1981 reviewed the submission, and recommends action to the Commission, as indicated, subject to such conditions as noted:

Agenda item: 4

Review phase: III

Applicant/Agency: Art Lee
DPW

Submission/Project:

Presented by: City Hall - Room 265

Southwest Water Pollution Control
Project

Description and Comments:

Minimal changes in the project include additional skylights, air vents, and an emergency exit. These will be mostly hidden by more greenery than was presented in Phase II.

Security gates to be added will be black to match existing fences.

Since the land on and under which this project is being constructed will be the site of future S.F. Zoo expansion, concerns about the final land grading will be coordinated by both the contracted landscape architect and Ms. Linda Rhodes of the Zoo/Park & Rec.

The letter concerning the incorporation of public art/earth sculpture that is presented by EDAW, Inc., will be turned over to the Visual Arts Committee for consideration.

Action recommended: APPROVAL

Subject to: SUBMISSION OF FINAL COLOR SCHEMES

For the Committee: Janet Ordinsky / pf Chairman

COMMISSION ACTION:

Resolution # 1981-1064: Be it resolved that the Art Commission, City and County of San Francisco, does hereby Approve the submission indicated herein:

For the Commission: Frank Ellison / pf, Director

Art Commission Meeting 10-5-81

ART COMMISSION

CIVIC DESIGN COMMITTEE

The Civic Design Committee of the Art Commission, in its meeting 21 September 1981 reviewed the submission, and recommends action to the Commission, as indicated, subject to such conditions as noted:

Agenda item: 5

Review phase: I, II

Applicant/Agency: Art Lee
DPW

Submission/Project:

Presented by: City Hall - Room 265

Mission Urban Life Skills Center

Description and Comments:

The Committee expresses concern about the following aspects of this project:

1. the proportions and general appearance of window progressions;
2. the excessive thickness of the running roof overhang;
3. the all around elevation of the roof in relation to existing structures.

Action recommended: APPROVAL for Phase I; DISAPPROVAL for Phase II

Subject to:

For the Committee: Dimitri Iordanidis / pf Chairman

COMMISSION ACTION:

Resolution # 1981-1064 : Be it resolved that the Art Commission, City and County of San Francisco, does hereby Approve the submission indicated herein:

Submission/Project:
Crystal Springs Golf Course:
Addition to Club House

Description and Comments:

The entire project is conceived and drawn out to match design and materials of existing structure.

Action recommended: APPROVAL

Subject to:

For the Committee: Justin D. Dineen / p f Chairman

COMMISSION ACTION:

Resolution # 1581-1066 : Be it resolved that the Art Commission, City and County of San Francisco, does hereby Approve the submission indicated herein:

For the Commission: Joan Ellison / p f, Director

Art Commission Meeting 10-5-81

ART COMMISSION

CIVIC DESIGN COMMITTEE

The Civic Design Committee of the Art Commission, in its meeting 21 September 1981 reviewed the submission, and recommends action to the Commission, as indicated, subject to such conditions as noted:

Agenda item: 7

Review phase: II

Applicant/Agency: Richard B. Morten
S.F. CHAMBER OF COMMERCE
Presented by: 465 California St.
San Francisco, Ca. 94104
Description and Comments:

Submission/Project:
Maiden Lane Beautification Proj.

The project is defined by granite and caste-iron columns, directories, flower pots, benches, ballards--many with multiple caste-iron protection bands.

Street and seating areas paved with light and dark grey flag-stones: the dark grey areas soilant treated.

Considerable lighting schemes exist--some indirect--on the columns, planters, ballards, and directories.

Because of the importance and significant impact of this project, the Committee makes no recommendation and refers the matter to the entire Art Commission for consideration.

Action recommended: Refer matter to entire Art Commission

Subject to:

For the Committee: Donna Widenberg / pf Chairman

COMMISSION ACTION:

Resolution # 1981-1072 : Be it resolved that the Art Commission, City and County of San Francisco, does hereby Approve the submission indicated herein subject to: (see reverse)

For the Commission: Joan Ellison, Director

Art Commission Meeting 10-5-81

RESOLVED, that this Commission does hereby approve the Phase II submission on the Maiden Lane Beautification Project subject to a subsequent detailed presentation on: paving, planters & their locations, entrance design (bollards, street furnishings and their overall relationship to placement), and the overall spirit of the mall.

ART COMMISSION

San Francisco

Energy-saving tri-panel booths

Description and Comments:

Pacific Telephone Company proposes the use of tri-panel booths with a clear plastic bubble roof to save energy by eliminating electrical lighting.

Action recommended: APPROVAL

Subject to:

For the Committee: Santri Velasco / pf Chairman

COMMISSION ACTION:

Resolution # 1981-1067 : Be it resolved that the Art Commission, City and County of San Francisco, does hereby Approve the submission indicated herein:

For the Commission: Joan Ellison / pf, Director

Art Commission Meeting of 10-5-81

ART COMMISSION

CIVIC DESIGN COMMITTEE

The Civic Design Committee of the Art Commission, in its meeting 21 September 1981 reviewed the submission, and recommends action to the Commission, as indicated, subject to such conditions as noted:

Agenda item: 9

Review phase: II, III

Applicant/Agency: John H. Hanan
GERALD D. HINES INTERESTS
Presented by: 201 California St. - Suite 1400
San Francisco, Ca. 94111

Submission/Project:
Plaza/101 California St.

Description and Comments:

This project will encompass the installation of granite finish stone on the surface of the plaza with matching granite trash bins.

Twenty-five foot tall, three-cluster antique lighting fixtures will also be installed. They will be bronze in color and will be similar to--but not exactly the same as--the "Path of Gold" fixtures that line Market Street.

Action recommended: APPROVAL

Subject to:

For the Committee: Smith: V. de la Cruz / pf Chairman

COMMISSION ACTION:

Resolution # 1981-1068 : Be it resolved that the Art Commission, City and County of San Francisco, does hereby Approve the submission indicated herein:

Agenda item: 10

Review phase: III

Applicant/Agency: Art Lee
DPW

Submission/Project:

Presented by: City Hall - Room 265

Underpass & Landbridge:
Great Highway Restoration

Description and Comments:

This project has been changed to eliminate the bleacher aspect of a portion of the steps. The steps--which will be light sand blast--will instead be run clear across at a height of 6 1/4 " and depth of 14".

The rails will be of galvanized steel; the floor of the bridge will be a black Mexican pebble mix. The grade facing the road will be cobble-stone.

Apertures in the rises defining the bridge on either side will be carefully placed to admit the winter and summer suns and will be so labelled for posterity.

Action recommended: APPROVAL

Subject to:

For the Committee: Sanjay Velamuri / pf Chairman

COMMISSION ACTION:

Resolution # 1981-1069 : Be it resolved that the Art Commission, City and County of San Francisco, does hereby Approve the submission indicated herein:

Agenda item: 11

Review phase: I

Applicant/Agency: Jack O'Rourke
PUC

Submission/Project:
Metro Annex Building:
Municipal Railway

Presented by:

Description and Comments:

The overall aspect of this project will incorporate a shogi effect/filtered light; the glass walls punctuated with bronze ribs.

The superstructure will employ kolwall concrete with a raised pattern spanning the building at roof level.

The Committee looks favorably upon this project at this phase, but suggests the ultimate elimination of the raised pattern.

Action recommended: APPROVAL

Subject to:

For the Committee: Santha Vidusky / p f Chairman

COMMISSION ACTION:

Applicant/Agency: Ron Castillo, Proj. Mgr.
AIRPORTS COMMISSION
Presented by: S.F. Intl. Airport
San Francisco 94128

Submission/Project:
Airport Building Annex -
Passenger Elevator Appendage

Description and Comments:

Project encompasses the appending of a passenger elevator/shaft to the Airborn Building at S.F.I.A. for handicapped and public access to the mezzanine and 2nd floor of this building. The elevator shaft structure will be roughly the same height as existing building. On the face of the shaft toward the top will be superimposed an encircled "SFO" logo in white helvetic letters on a blue field. The committee specifically requires that the encircled logo be so positioned (i.e., shifted downward) that the "SFO" letters are enclosed in a complete & full circle--and not in a clipped circle, as was initially presented to them.

Action recommended: Approval

Subject to: Letter confirming repositioning of logo.

For the Committee: Robert La Rocco / pg Chairman

Applicant/Agency: R.B. von Hungen Groth
BUREAU OF ARCHITECTURE
Presented by: 45 Hyde Street
San Francisco 94102

Submission/Project:
Ramps for the Handicapped
at City Hall

Description and Comments:

All possible schemes for handicapped entry to City Hall having been presented to the Committee--several in greater detail than others--the Committee recommends:

1. that it maintains a "quality appropriate" posture with regard to the landmark significance of City Hall; and, therefore,
2. that it requires the proposed ramps for the Polk St. entrance to City Hall to be constructed entirely of granite matched to the building's facade; with the exception
3. that, if the cost of the granite ramp-floors proper exceed monies budgeted for the project, it will consider the merits of poured or pre-cast concrete (with granite chips).

Action recommended: Approval

Subject to:

For the Committee: Robert LaRocca /pf Chairman

Review phase: I

Applicant/Agency: Sat Nishita
CHNMB Associates
Presented by: 2789 - 25th Street
San Francisco 94110

Submission/Project:
Huntington Falls Restoration

Description and Comments:

Project encompasses a complete revamping of Huntington Falls (& its feeder and receiving pools) in Golden Gate Park--this process to include the redirection of the stream and cascade sections to the originally intended path. At the choice of the applicant, the landscape artist Julian George will be engaged to execute the simulated stone substructure of the falls, cascades, and water beds combining porous forms with wire-meshed stones. The entire project to be appropriately landscaped with flora, fauna, shrubs and trees similar to and enhancing existing growth. Minimal major growth to be removed with the exception to several trees not intended in the original project.

Action recommended: Approval

Subject to:

For the Committee: Robert La Roca/pf Chairman

COMMISSION ACTION:

Applicant/Agency: Lynn Pio, Proj. Mgr.
PUBLIC UTILITIES COMM.

Submission/Project:

Presented by: City Hall

Temporary Passenger Shelter
at Powell & Market

Description and Comments:

Project to encompass queuing paths for the street car composed of anodized clear aluminum piping surmounted by a cloth (canvas) canopy on similar piping; line areas extraneous to the structure to be defined by potted shrubs/trees; color scheme to reflect extant MUNI standards; the general shape of the enclosure to be more than semi-circular; the summery height to be between 9'-12'.

While the Committee has a number of fundamental questions concerning the basic design and positioning of the shelter, it approves this project as presented on the basis that it will be temporary (for not more than one year after which it will be replaced with a permanent structure)--and with the following exceptions:

1. that no fixed/perforated wind screens will be used; but
2. that, instead, planned potted shrubbery/trees will be used as wind screens encircling the cloth-roofed waiting area.

Action recommended: Approval

Subject to:

For the Committee: Robert La Roca / pf Chairman

COMMISSION ACTION:

Resolution # 1981-1033: Be it resolved that the Art Commission, City and County of San Francisco, does hereby Approve the submission indicated herein:

ART COMMISSION

CIVIC DESIGN COMMITTEE

The Civic Design Committee of the Art Commission, in its meeting 19 October 1981 reviewed the submission, and recommends action to the Commission, as indicated, subject to such conditions as noted:

Agenda item: 1

Review phase: I

Applicant/Agency: Henry Siegel
MLTW/Turnbull Associates
Presented by: Pier 1 1/2
The Embarcadero, S.F. 94111

Submission/Project:
Embarcadero Center Theatre

Description and Comments:

The overall aspect of this building will be a classicized, symmetrical, gazebo-type structure that will offer maximum flexibility in use and that will be located on the Justin Herman Plaza visually aligned to the superstructure of the Hyatt Regency Hotel.

Three sides of the structure will be defined by three asymmetrical "growth walls"—made of aluminum and plasticized to support the growth of Mexican trumpetvines—that will serve as an architectural hedge, light in aspect.

The superstructure of the theatre itself will be of light aluminum, symmetrical, crowned by a slightly heavier border, surmounted by glass paneled into octagonal form that converges on an open-air oculus—all giving the building the appearance of a parasol against the three defining walls.

Adding to the flexibility of use will be:

1. Cables inside the structure to which can be snapped curtains at various depth;

Action recommended: APPROVAL over

Subject to:

For the Committee: David Vukobratovic/pf. Chairman

COMMISSION ACTION:

Resolution # 1981-1094: Be it resolved that the Art Commission, City and County of San Francisco, does hereby Approve the submission indicated herein:

For the Commission: Paul Elman/pf., Director

Art Commission Meeting 2 Nov. 81

2. A gradated/raised seating island front-center that will allow for tables & chairs on & around it.

(Some discussion was given over to the re-situation for better visibility of a Dubuffet statue, the design of which will be brought before the Visual Arts Committee at a later date.)

While the Committee approves Phase I of this project, the applicants will make a full presentation to the full Art Commission at its next regularly scheduled meeting.

ART COMMISSION

CIVIC DESIGN COMMITTEE

The Civic Design Committee of the Art Commission, in its meeting 19 October 1981 reviewed the submission, and recommends action to the Commission, as indicated, subject to such conditions as noted:

Agenda item: 2

Review phase: I & II & III

Applicant/Agency: H.S. Avery, Mgr., Fac. Engin.
FORD AEROSPACE & COMMUNIC. CORP.

Submission/Project:

Presented by: 3939 Fabian Way *Mail Stop*
Palo Alto 94303 *H30*

Calaveras Reservoir/Satellite
Antenna

Description and Comments:

This rather straight-forward project—to be executed in rather rural terrain—is comprised of the construction of platforms, temporary trailers, fences, a holding tank, and temporary outside antennae.

Upon completion of the project, the outside antennae will be eliminated in favor of a pressurized, filtered, "clean-room" transmitting test cubicle that will bear no visibility from the City of Milpitas.

Action recommended: APPROVAL

Subject to:

For the Committee: *Smith Vidulich / p.f.* Chairman

COMMISSION ACTION:

Resolution # 1981-1095: Be it resolved that the Art Commission, City and County of San Francisco, does hereby *Approve* the submission indicated herein:

For the Commission: *Joan Ellison / p.f.*, Director

Art Commission Meeting 2 Nov. 81

CIVIC DESIGN COMMITTEE

The Civic Design Committee of the Art Commission, in its meeting 19 October 1981 reviewed the submission, and recommends action to the Commission, as indicated, subject to such conditions as noted:

Agenda item: 3

Review phase: I & II & III

Applicant/Agency: Bob Lee
Chief Engineer
Presented by: S.F.I.A.
S.F. 94128

Submission/Project:
New Field Lighting Building

Description and Comments:

This utility building—to be erected in a rather remote location—will be constructed with concrete blocks topped by pre-cast concrete "T" braces and will be surrounded by a low curb & an asphalt pad.

While the applicant agency initially intended to paint the structure an adobe color with dark brown doors and to execute a plaster-face banding atop between the "T" braces, the Committee requires:

1. that the structure be further diminished in aspect by painting it a greyish color overall with dark grey doors; and
2. that the plaster banding atop be eliminated, allowing the concrete blocks to meet the "T" braces and fill the spaces between them.

Action recommended: APPROVAL

Subject to: Submission of samples of the concrete block and color scheme.

For the Committee: Smith: Vickery / pf Chairman

COMMISSION ACTION:

Resolution # 1981-1096 : Be it resolved that the Art Commission, City and County of San Francisco, does hereby Approve the submission indicated herein:

For the Commission: Joan Ellman / pf, Director
2 Nov. 1981

ART COMMISSION

CIVIC DESIGN COMMITTEE

The Civic Design Committee of the Art Commission, in its meeting 19 October 1981 reviewed the submission, and recommends action to the Commission, as indicated, subject to such conditions as noted:

Agenda item: 4

Review phase: I & II & III

Applicant/Agency: Bob Lee, Chief Engin.
S.F.I.A.

Submission/Project:

Presented by: S.F. 94128

Pedestrian Overpass/Central
Terminal

Description and Comments:

This project--having been brought before the Committee at an earlier date--has been somewhat modified to counter initially high bids.

The superstructure will be comprised of simplified contiguous sections with GFRC (glass fibre reinforced concrete) surrounding the stiffening ribs and will be surmounted by laminated Douglas fir rails.

The overall aspect of the structure will be thinned with a supporting plane of stucco and not GFRC.

The Committee recommends the elimination of the aperture indentions in the side panels and a color scheme of grey-match.

Action recommended: APPROVAL

Subject to:

For the Committee: Santri Vachasly / p f . Chairman

COMMISSION ACTION:

Resolution # 1981-1097 : Be it resolved that the Art Commission, City and County of San Francisco, does hereby Approve the submission indicated herein:

Agenda item: 6

Review phase: II

Applicant/Agency: Art Lee
DPW

Submission/Project:

Presented by: City Hall - Room 265

Southwest Ocean Outfall Project
(SWOOP)

Description and Comments:

The Committee reiterates its concern over the asymmetrical placement of two vents and a service door in the planter-box wall being constructed to break natural wind currents—and reiterates its particular concern over the resituation of the vents in the face of the wall instead of flush with the top, as was originally proposed.

The wall reveal itself will be natural surface concrete roughed with four boards. Landscaping will be thoroughly reviewed by EDAW for conformity with the encumbering project.

While the Committee approves Phase II of this project, the applicants will make a presentation to the Full Art Commission at its next regularly scheduled meeting.

Action recommended: APPROVAL

Subject to:

For the Committee: Sanita Vidulich/pf. Chairman

COMMISSION ACTION:

Resolution # 1981-1099: Be it resolved that the Art Commission, City and County of San Francisco, does hereby Approve the submission indicated herein:

Applicant/Agency: Meredith H. Marschak
HERTZKA + KNOWLES ASSOCIATES
Presented by: 1005 Sansome St. - Suite 305
San Francisco 94111

Submission/Project:
Pier 3 Public Access

Description and Comments:

This project having been presented in detail at an earlier date, the applicant outlines the following changes:

1. the addition of depressed seating areas in the center of the pier at the behest of the Planning Commission;
2. the sawing of the pier's rotted edges by the Port with the exception of two corners supported by radial cantilevers;
3. the addition of a "Pier 3" banner and an enclosed anodized box to light it;
4. color scheme: variegated shades of light sand with darker anodized aluminum covered doors (finished wood frames to doors & windows;
5. high-pressure sodium light fixtures similar to but slightly larger than those at Pier 39;
6. inset concrete floor; pedestrian rail of galvanized pipe with a wood curb.

Action recommended: APPROVAL

Subject to:

For the Committee: Dimitri Vekoslavsky / p.f. Chairman

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 23 November 1981, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Embarcadero Center Theatre

REVIEW PHASE: II AGENDA ITEM: 1 PRESENTED BY: _____

APPLICANT/AGENCY: MLTW/Turnbull Assoc., Pier 1 1/2, The Embarcadero, S.F. 94111

DESCRIPTION OF PROJECT:

Applicant/agency indicated the only change in the project to be a reworking of the caps and bases of the support columns: caps to be sloped at the tops with a slight reveal below; the reworking of the bases as yet to be thought out.

Presentor further detailed elements of the project: viz., perforated metal screening covered with green vinyl (1" x 1" squares) in defining walls; natural concrete columns; wood trellis-work treated to grey-out quickly; aluminum panels and steel skylite in complimentary colors; lighting in the structure's dome; track-lighting for the stage; and square grids of tubing in the ceiling of the dome to carry stage curtains at three depths.

Presentation of Ph. III to full AC

RECOMMENDATION: APPROVAL SUBJECT TO: on 12-7-81.

FOR THE C O M M I T T E E: Dimitri Vidensky / pf., Chairperson

ART COMMISSION ACTION at its meeting of 7 December 1981:

RESOLUTION NO. 1981-1119: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

FOR THE C O M M I S S I O N: Joan Ellison / pf., Director

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 23 November 1981, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: UCSF/Electrical Site Power Distribution

REVIEW PHASE: I AGENDA ITEM: 2 PRESENTED BY: Mr. William McCormick

APPLICANT/AGENCY: William McCormick, F.A.I.A., 215 Kearny St., S.F. 94108

DESCRIPTION OF PROJECT:

Presentor indicated that the aim of this project was to house emergency generators and a coordinated electrical system for a heretofore patch-work system that serviced multiple university buildings, labs, etc.

The building will be basically an extension of an existing concrete construction—somewhat more elegant in details with blue doors and with a blue fascia cap.

RECOMMENDATION: APPROVAL SUBJECT TO: _____

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 23 November 1981, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Southwest Ocean Outfall Project (SWOOP)

REVIEW PHASE: III AGENDA ITEM: 3 PRESENTED BY: _____

APPLICANT/AGENCY: DPW/Bureau of Architecture, City Hall - Room 265

DESCRIPTION OF PROJECT:

To an initial query concerning dispensation from the Art Enrichment portion of this project, the Committee indicated that this question still awaits a determination from the full Art Commission.

The presenter indicated that the grading plans to cover the project had been thoroughly coordinated with the final contractor who will complete the landscaping.

The presenter further indicated that plans for the vents in the wind-break wall had been redrawn to be executed at the same height and same size; and the access door will be executed flush with the wall to eliminate vagrancy.

The design will be presented to the full Art Commission to determine Art Enrichment requirements

RECOMMENDATION: APPROVAL SUBJECT TO: _____

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 23 November 1981, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Sharon Building Renovation

REVIEW PHASE: II AGENDA ITEM: 5 PRESENTED BY: Mr. B. von Hungen Groth

APPLICANT/AGENCY: DPW/Bureau of Architecture, City Hall - Room 265

DESCRIPTION OF PROJECT:

Presentor indicated that there would be little exterior work and detailed the elements: viz., the enhancement of the porch with an acceptably extended design from the metal grill screen (3' to 3'6"); new doors, windows, skylight; new fire-escape on back of building grilled to match extant work; new larger copper-coated chimney combining two flues (one for large kiln to be installed for crafts work).

Presentor further detailed interior work which he indicated had been altered from a completely rough interior appropriate to the crafts use of the building to a more refined Victorian restoration appropriate to multi-use. Specifically, he indicated the use of wood doors & windows (as yet to be approved by the Landmarks Preservation Commission); the use of painted & textured accent paper; beams enlarged and sided with German pre-fab textured carving; Victorian chandeliers hanging from the beams. Three doors on lower level will become one door & two windows (double-hung with fixed bottom & appropriate matched detailing of all three apertures).

RECOMMENDATION: APPROVAL SUBJECT TO: Lower chandeliers hung from beams and re-study design of doors on main level.

FOR THE COMMITTEE: Sanita Vachinsky/pf., Chairperson

ART COMMISSION ACTION at its meeting of 7 - December 1981:

RESOLUTION NO. 1981-1123: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 23 November 1981, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Junipero Serra Playground Rehabilitation

REVIEW PHASE: I AGENDA ITEM: 7 PRESENTED BY: _____

APPLICANT/AGENCY: DPW/Engineering, City Hall - Room 260

DESCRIPTION OF PROJECT:

Presentor indicated that this project constituted a refurbishing of a 60' x 80' playground.

He detailed aspects of the project as: eliminating existing planters but maintaining age-group areas; cutting and eliminating existing hedge at its curve; moving drinking fountains to more appropriate locations; defining play areas to age-appropriate scale; and adding timber-form play equipment.

RECOMMENDATION: APPROVAL SUBJECT TO: _____

FOR THE COMMITTEE: Dimitri Volynsky/pf., Chairperson

ART COMMISSION ACTION at its meeting of 7 December 1981:

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 23 November 1981, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Overhead Sign at Van Ness Avenue & Lombard Street

REVIEW PHASE: I/II/III AGENDA ITEM: 8 PRESENTED BY: Mr. Mark Rand

APPLICANT/AGENCY: DPW/Engineering, City Hall - Room 260

DESCRIPTION OF PROJECT:

Presentor described site/traffic patterns that present safety pattern necessitating project that he detailed as: (1) cutting curb corner to create two lanes flowing from Lombard to Van Ness; (2) maintaining three lanes flowing from Van Ness onto Lombard, with Van Ness curb-lane limited to trucks; (3) installation of an overhead sign at this intersection indicating lane usages and directions.

Presentor described the sign as the smaller of two Cal-Trans standards (42" x 48" placards with 13" high letters in white high intensity finish to pick up reflective light on a green field) surmounted on anodized aluminum framing at a height of 18'.

The Committee took exception to the view-impact of this project and deferred recommendation on this project (with the exception of the below specified) to a review by the full Art Commission at its regular meeting of 7 December 1981.

RECOMMENDATION: DEFERRED SUBJECT TO: Centering of top line of sign designating "GOLDEN GATE BRIDGE."

FOR THE COMMITTEE: Dmitri Ordensky/pf., Chairperson

ART COMMISSION ACTION at its meeting of 7 December 1981:

RESOLUTION NO. 1981-1135: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby disapprove the project submission indicated herein.

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 23 November 1981, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Mini Park at O'Farrell and Larkin Streets

REVIEW PHASE: II/III AGENDA ITEM: 9 PRESENTED BY: _____

APPLICANT/AGENCY: DPW/Engineering

DESCRIPTION OF PROJECT:

Applicant/agency detailed aspects of this project as: the addition of planters around the perimeter of the park that will have a lowered center area; the addition of light standards and peripheral growth (poplar trees); the redesign of a large center-piece planter that will be simple but higher than other planting. Concrete edges will basically follow the grade.

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 21 December 1981, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: George Sterling Plaque/Russian Hill

REVIEW PHASE: I/II/III AGENDA ITEM: 1 PRESENTED BY: Bill Kostura/Don Herron

APPLICANT/AGENCY: Bill Kostura, 1323 - 11th Avenue, S.F. 94122

DESCRIPTION OF PROJECT:

Presentors indicated that they planned to replace (at their own expense) an historical plaque commemorating the poet George Sterling. The plaque was first placed in a Russian Hill park adjacent to the Spring Valley Water Company in the 1920's and removed by vandals within the past twenty years. Presentors further indicated that the original plaque was originally placed on a bench and later moved to a column that remains covered with graffiti. They described the new plaque as being executed in bronze (15 1/2" x 19") with raised Roman lettering. And they informed the Committee that they planned to alter the script of the original plaque to a quote from Sterling's "Cool, Grey City of Love."

The Commissioners suggested that the column be rough sand-blasted to resist defilement and required the presentors to provide a copy of the new plaque's text for Commissioner Goerner's review.

RECOMMENDATION: APPROVAL SUBJECT TO: Copy of original and nex text for Commissioner Goerner's review before 1/4/82 AC meeting.

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 21 December 1981, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Monterey Boulevard Conservatory Restoration

REVIEW PHASE: I/II/III AGENDA ITEM: 5 PRESENTED BY: Tom T. Fukuda

APPLICANT/AGENCY: DPW/Architecture, City Hall - Room 265

DESCRIPTION OF PROJECT:

Presentor indicated that this project was being executed in conjunction with the Recreation & Park Department and would result in the creation of a mini park with access from both Monterey Boulevard and from Judah Street.

The bulk of the applicant's activities will be spent on the restoration of an extant conservatory structure to its original dimensions and color scheme. Wooden cross support beams at the base level will be removed (not part of original structure) and steel reinforcement beaming installed at the roof, center and base support levels of the structure. New fibre-glass shingles will be added to match existing roofing. Extensive use will be made of redwood and Douglas Fir, with diagonal redwood finish interior. There will be no lighting, fountains, or inhabitable interior spaces, although an extended portion of one side on the lower level will be sheltered. While the structure rises two-stories in appearance, there will be no second level. Upper openings will be glazed with new sash; lower portion of structure will be left open. A new finial will be added at the peak. Extant landscaping will be refurbished.

PROJECT SUBMISSION: Sharon Building Restoration

REVIEW PHASE: III AGENDA ITEM: 6 PRESENTED BY: R.B. von Hungen Groth

APPLICANT/AGENCY: DPW/Architecture, City Hall - Room 265

DESCRIPTION OF PROJECT:

Presentor provided the Committee a first set of final working drawings and indicated by letter the following alterations in design as approved in Phase II:

1. Painted low flue in lieu of chimney;
2. Interior ladder in lieu of fire escape;
3. Full height glazed doors (Main Room);
4. Triple door sections at new offices (lower level) in lieu of sliding doors;
5. 6 pair wood doors with coordinating grille work to match grille gates to enclose circular porch (lower level); transom, panels on top shall have blind hinged ventilation sections;
6. Continuous glazed sections for central arch to foyer (main room);
7. Anodized black aluminum skylight with testured wire glass panels;
8. All exterior doors and windows to be wood;
9. Extension of existing railings to be bid as an alternate.

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 18 January 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: PAS Outlet/Stockton Street

REVIEW PHASE: I AGENDA ITEM: 2 PRESENTED BY: Larry Campbell/Jose Lambert

APPLICANT/AGENCY: PAS, Inc., 1182 Market Street, San Francisco, Calif. 94102

DESCRIPTION OF PROJECT:

Applicant indicated to the Committee that, with the concurrence of the Recreation & Park Department, it planned to erect a PAS ticket outlet at the entrance to the subterranean garage on the north side of Union Square (Stockton Street between Geary & Post).

Applicant outlined the basic design of the structure and presented initial color schemes & materials samples. They further detailed the queuing pattern they planned to establish, which will be an approach from the garage entrance to the rear of the PAS structure. And they concluded by indicating that Rec & Park required the construction of a temporary structure that will give the visual appearance of permanency.

The Committee suggested the installation of a window on the side of the structure for information and handicapped usage. The Commissioners further suggested the appropriate signage be studied for the front of the structure that will ease congestion in reviewing the outlet's offerings.

RECOMMENDATION: APPROVAL SUBJECT TO: _____

FOR THE COMMITTEE: Smith V. Dunbar/pf, Chairperson

ART COMMISSION ACTION at its meeting of 8 Feb. 82:

RESOLUTION NO. 1982-52: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 18 January 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Sidewalk Benches at Third and Market Streets

REVIEW PHASE: I/II/III AGENDA ITEM: 3 PRESENTED BY: _____

APPLICANT/AGENCY: Brennan Zerbe, 200 Hearst Building, S.F. 94103

DESCRIPTION OF PROJECT:

The Committee reviewed applicant/agency's request accompanied by photos of benches to be used.

The Committee were concerned that the benches selected by the applicant varied from a standard, more durable type being universally selected for use throughout the City. They suggested that the applicant look into using curved-form wood benches that are produced by Landscape Forms, Inc., of Kalamazoo, Michigan.

PROJECT SUBMISSION: Fairmont Hotel/loading docks, stairs, parking bays

REVIEW PHASE: I/II/III AGENDA ITEM: 4 PRESENTED BY: William Dreusike/Don Smith

APPLICANT/AGENCY: Fairmont Hotel, California & Mason Streets, San Francisco 94106

DESCRIPTION OF PROJECT:

Applicant indicated to the Committee that, at the request of the City & County, it planned to make substantial remedial alterations to its loading dock area on the south side of Sacramento Street (between Mason & Powell).

The project involves an encroachment permit (that has been granted) for use of a portion of the curb on the south side of Sacramento Street in the construction of parking bays, stairs, and loading docks. Beyond this, a sign (30" x 18"; black letters on white field) will be placed at the corner of Sacramento & Mason Streets forewarning pedestrians that the referred sidewalk may be impeded from time to time. Final working drawings were turned over to the Committee.

APPLICANT/AGENCY: DPW/Architecture - City Hall/Room 265

DESCRIPTION OF PROJECT:

Presentor outlined a scheme, developed by the Bureau of Architecture, to take advantage of a higher grade on the Van Ness side of City Hall in the installation of a walkway for the handicapped (at a 1/20 slope) approaching from the north. He further outlined slight variations possible in the construction of the walkway; the fact that the project would necessitate cutting 4' into the pediment of City Hall; and possible variations in the installation of a self-activating door in the existing aperture.

The Committee indicated a preference for the least slope in the walkway and that the project be kept simple and as inconspicuous as possible. They further indicated a Phase I approval for concept only.

APPROVAL for
RECOMMENDATION: concept only SUBJECT TO: _____

FOR THE COMMITTEE: Janita Velazquez /pf, Chairperson

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 18 January 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: John McLaren Park Development (RP-963)

REVIEW PHASE: I AGENDA ITEM: 6 PRESENTED BY: Gordon & Ted Osmundson

APPLICANT/AGENCY: Theodore Osmundson Assoc., 117 So. Park, San Francisco 94107

DESCRIPTION OF PROJECT:

Presentors outlined their Phase III of this ongoing project to refurbish John McLaren Park, which will include the following work: installation of 2 new tennis courts; creation of additional group picnic areas; extensive planting for wing-break purposes; installation of a park entrance sign; complete landscaping around the lake; installation of bollards to prevent certain vehicle access; refurbishing of a playground for Mission Girls School; installation of new play equipment and picnic tables; erection of signs at smaller pedestrian entrances around the park area. Presentors indicated that there were no plans at the moment for lighting.

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 18 January 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: 934 Brannan Street/mini-park & community garden

REVIEW PHASE: I/II/III AGENDA ITEM: 7 PRESENTED BY: Steve Michaels/Bill Sajor

APPLICANT/AGENCY: Wm. Hammond Hall Society, 30 Caine Ave., San Francisco 94112

DESCRIPTION OF PROJECT:

Presentors described this public space improvement project to reclaim a narrow strip of land adjacent to 934 Brannan Street as being comprised of the creation of a mini-park at the head of the property; the erection of a redwood fence and mural; and the creation of a community garden toward the rear of the property.

The Committee referred the mural portion of the project to the Visual Arts Committee and suggested a restudy of the project to create one or more focal points with seating. Commissioner La Rocca volunteered to assist the presentors in this restudy.

RECOMMENDATION: APPROVAL The assistance of Commissioner La Rocca in
SUBJECT TO: restudying seating arrangements.

PROJECT SUBMISSION: West End Barrier/Golden Gate Park

REVIEW PHASE: I AGENDA ITEM: 3 PRESENTED BY: John Alexander

APPLICANT/AGENCY: James Cooney, McLaren Lodge, Golden Gate Park

DESCRIPTION OF PROJECT:

This project is first phase of planned reforestation of Golden Gate Park. Wind break barrier will extend from Lincoln Way to Funston at west end of the Park. Curvilinear fence (chain link with redwood slats) will be installed to aid reforestation. Fence will wind through existing trees. Mounding, planting, and irrigation comprise the project. Two plans will be developed to deal with potentially shrinking funding.

PROJECT SUBMISSION: S.F. Central City Park

REVIEW PHASE: II AGENDA ITEM: 4 PRESENTED BY: Pat Carlisle/Joanna Fong

APPLICANT/AGENCY: Royston, Hanamoto/225 Miller Avenue, Mill Valley, Cal. 94941

DESCRIPTION OF PROJECT:

Master plan for this project will be based on original Plan I. Project (budgeted at \$1.5 million) includes: promenade; basketball court; school age/adult sitting/tot-lot areas; brick walkways (with pre-cast concrete pavement alternate); two sculptures; possible murals; street clock; defining fencing; raised turf to avoid wear; 25'-30' high light standards; deciduous trees (honey locust).

PROJECT SUBMISSION: Casa de la Raza

REVIEW PHASE: I AGENDA ITEM: 6 PRESENTED BY: Robert Tucker

APPLICANT/AGENCY: HKI & T, 522 Washington Street, S.F. 94111

DESCRIPTION OF PROJECT:

This HUD subsidized housing will be built over parking garages with car entrances on 21st & 22nd Streets. Housing entry and Art Enrichment portion of project will be at corner of 22nd & Bartlett Streets. Commercial & private parking will be separated. Housing will be predominantly simple victorian design, constructed to obscure parking pedestal and organized around two patios that will contain children's play areas, a band stand structure, and adult seating. There will be ample planting in public areas and backyards as yet to be defined.

The committee indicated that the main stairs to housing platform at 22nd & Bartlett Streets appear a bit stingy and should be restudied.

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 17 February 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: West Side Pump Station

REVIEW PHASE: I AGENDA ITEM: 11 PRESENTED BY: Art Lee

APPLICANT/AGENCY: DPW, City Hall - Room 260

DESCRIPTION OF PROJECT:

Because budget cut to 1/3 of original allocation, this priorly approved project has been completely redesigned. Building will descend 40' (5 floors) below ground. There will be no public entry or main entrance. Staff will enter through parking lots on either side of the building. A screen wall and terraced planters will obscure parking areas. A berm surmounted by landscaping will define the rear of the building. Surface of the building will be light earth color.

The Committee suggested the use of large shrubbery in the planters and the possibility that a sidewalk might be eliminated across the face of the building, thereby creating more planting space.

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 22 March 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: PASS Kiosk/Stockton Street

REVIEW PHASE: III AGENDA ITEM: 1 PRESENTED BY: Larry Campbell

APPLICANT/AGENCY: PASS, Inc., 1182 Market Street, 94102

DESCRIPTION OF PROJECT:

Applicants presented the Committee with final working drawings for project (and displayed marble, lettering, and materials/color schemes to be used in its execution).

Lettering is still being studied for type—which will read "S T B S," subscribed by "San Francisco Ticket Box Office Service."

The Committee suggested a potential tie-in of the STBS to the 1982 San Francisco Summer Festival—which the applicant indicated was already under study.

The Committee further suggested exploration of some type of trade-off on an extant "CHEVRON" logo adjacent to the proposed PASS Kiosk—which the applicant indicated was also under study.

PROJECT SUBMISSION: Embarcadero Terraces

REVIEW PHASE: I AGENDA ITEM: 3 PRESENTED BY: Robert M. Meyers

APPLICANT/AGENCY: ROBERT M. MEYERS ASSOC., 5826 Balboa Dr., Oakland 94611

DESCRIPTION OF PROJECT:

Applicants indicated project will be erected on Port Commission/unclaimed land-base property and will be a "U"-shaped building with main entry at the end of Commercial Str-et and an open court on the Embarcadero Center side.

Structure will consist of a basement parking garage and four floors: the first 5' below ground level; the first two receded; the upper two built to the perimeters of the property line. Materials will consist of brick retaining walls and paving patterns; tile spandrels; and two variant types of bronze glass. Glass will be set without mullions, allowing great flexibility in interior wall placements.

Crown detail of the building will be checker alteration of variant bronze glass referred above. Corners of the building will be clear glass reminiscent of Caesar Pelli's work. Roof will be designed to be pleasant to look at, with a penthouse housing utilities, shelteres stairways, trellaced walkways, and textured/colored gravel. (The Committee suggested further study of tile spandrels and glass.)

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 22 March 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Handicapped Ramps at City Hall/Van Ness North Walkway

REVIEW PHASE: II AGENDA ITEM: 6 PRESENTED BY: B. von Hungen Groth

APPLICANT/AGENCY: DPW/Architecture, CH 265

DESCRIPTION OF PROJECT:

1. Entry to ramp will be between existing trees and coordinated with building lines;
2. Coping and paving will be granite to match existing facade of City Hall;
3. Step lights will be set on the sidewalk side to avoid glare;
4. The doors (Option A/base bid) will be double set with button to activate and with logo-plus-announcement: "Caution: Push to Open Door";
5. Further graphics will include bronze plaque with handicapped logo at entrance to ramp and blue/white handicapped logo at the two corners on the Van Ness side of the building;
6. Standard Civic Center bronze rails will be used (required by Landmarks Preservation Commission and requested by handicapped for distance to be travelled); rail supports

RECOMMENDATION: APPROVAL SUBJECT TO: over

ART COMMISSION ACTION at its meeting of 7 April 1982:

RESOLUTION NO. 1982-126: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

FOR THE COMMISSION: Juan Plascencia/pf., Director

will line with building lines.

Projected landscaping will consist of tree-clusters on either side of the entrance of the building visually tied to clipped yews, (with sloped hedges concealing the light well at the building), approached by bright green lawn with a somewhat darker green growth covering a berm to conceal the ramp. (Applicant explained that the A.I.A. and local Heritage groups requested as a condition of approval complete visual concealment of the granite in the ramp.) Curved flower beds will be placed at either corner of the building.

Commissioner La Rocca—expressing specific concerns about landscape sloping, form, ground plane, and the use of darker ground covering—suggested that landscaping on this project be responsive to the formality of the building. In particular, he suggested that:

1. the dark green covering on the berm be eliminated; the bright green lawn be brought right up to the coping; the berm be somewhat diminished to expose some of the granite coping; or, should darker green ground cover be used, it be set in formal beds;
2. a horizontal plane be maintained in the rows of clipped hedge, consistent with the formal plane of the building's facade; and
3. the proposed flower beds at either corner of the building be eliminated.

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 22 March 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Marina Parking Garage Addition

REVIEW PHASE: I/II AGENDA ITEM: 7 PRESENTED BY: Art Lee

APPLICANT/AGENCY: DPW/Architecture, CH 265

DESCRIPTION OF PROJECT:

Applicant indicated that this project would consist of adding an additional tier to an existing one-story garage—extension to match existing design and materials.

The Committee suggested that lighting on new upper tiers have sharp cutoff to avoid glare to pedestrians on street. The Committee further suggested that graphics be made uniform, with "Clearance" signs to match original garage sign.

ART COMMISSION ACTION at its meeting of 7 April 1982:

RESOLUTION NO. 1982-129: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

FOR THE COMMISSION: Jean Elman / p.f., Director

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 22 March 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Little Hollywood Playground

REVIEW PHASE: II AGENDA ITEM: 10 PRESENTED BY: Walter Kocian

APPLICANT/AGENCY: DPW, CH 260

DESCRIPTION OF PROJECT:

Project has been defined to consist of: (1) the planting of additional lawn and the installation of an irrigation system; (2) the addition of stairs to an upper level and the refurbishing of the basketball court; (3) removal of existing fencing on the Lathrop Avenue side and the installation of additional seating; (4) repaving the playground's paths and the adjacent sidewalks with asphalt; (5) revitalizing and extending extant acacia and yew trees.

Commissioner La Rocca suggested that the applicant consider the use of european ash trees.

RECOMMENDATION: APPROVAL SUBJECT TO: _____

FOR THE COMMITTEE: Donna Vachon / p f, Chairperson

ART COMMISSION ACTION at its meeting of 4-7-82:

RESOLUTION NO. 1982-130: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

FOR THE COMMISSION: Joan Ellison / p f, Director

C I V I C D E S I G N C O M M I T T E EACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 22 March 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Folsom Playground

REVIEW PHASE: I AGENDA ITEM: 11 PRESENTED BY: Jeffrey Lee

APPLICANT/AGENCY: DPW, CH 260

DESCRIPTION OF PROJECT:

Phase I submission withdrawn from Committee consideration at the Applicant's request.

FOR THE C O M M I S S I O N: Joan Ellison/pf., Director

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 22 March 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Women's Building/bike racks, benches, planters

REVIEW PHASE: I/II/III AGENDA ITEM: 12 PRESENTED BY: Judith Whittier

APPLICANT/AGENCY: WOMEN'S BUILDING, 3543 - 18th St., 94110

DESCRIPTION OF PROJECT:

Project will consist of: (1) the installation of bike racks (Ross BA 4 circular) adjacent to the building on Lapidge Street; and (2) the addition of benches and (2' x 3' x 2') planters for trees/flowers in front of the building on 18th Street.

Commissioner La Rocca suggested that applicant, in the execution of this Community Development project: (1) carefully study the detailing of the brick planters and pull the center two closer to the front entrance of the building; (2) place remaining planters adjacent to sidewalk in such a way as not to offend parked car access; (3) be aware to add "weep holes" to the planters; and (4) consider the use of Timbre Form or Landscape Form type benches.

Approval of color of rack and type/color of brick and detail for planters—before Art

RECOMMENDATION: APPROVAL SUBJECT TO: Commission meeting of 5 April 1982.

FOR THE COMMITTEE: Judith Whittier/pf, Chairperson

ART COMMISSION ACTION at its meeting of 7 April 1982:

RESOLUTION NO. 1982-132: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 19 April 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: West Side Pump Station

REVIEW PHASE: II AGENDA ITEM: 1 PRESENTED BY: Art Lee

APPLICANT/AGENCY: DPW/Architecture - CH 260

DESCRIPTION OF PROJECT:

Update on project that will include: plinth & facade designed to bring eye past building quickly; pick-up and use extant grapestake fencing to conceal areas at either end of building site; pick-up on existing cypress and also use acacia, lupen, poppy, & ice plant; irrigated seeded areas; building of berm off natural land terraces.

Commissioner La Rocca recommended: cascading plant materials off roofs of front walls; vines (figus/Boston ivy) at base of walls; grapestake fence to meet building more sympathetically in "step form" of the rest of structure—and be build to height of score line.

Commissioner Vedensky suggested: simple scoring on smooth finish (i.e., diminish or eliminate aggregate finish of exterior walls); the use of deep brown interlocking paving for the art enrichment area; recessing the art enrichment sculpture a bit more inward from its corner location.

RECOMMENDATION: APPROVAL SUBJECT TO: _____

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 19 April 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: SFIA/Shuttle Bus Maintenance Building

REVIEW PHASE: I/II/III AGENDA ITEM: 5 PRESENTED BY: Robert G. Lee

APPLICANT/AGENCY: SFIA/Engineering - S.F. 94128

DESCRIPTION OF PROJECT:

This project will consist of the construction of a 52' x 55' maintenance building that will handle two buses at a time. The building will be all metal and off-white in color. Landscaping will be geared for low maintenance (Juniper and Japanese Pine). A parking lot will be installed adjacent the structure.

This new building will be constructed near an existing temporary structure that will ultimately be demolished.

1. Submission of final working drawings;
2. Elimination of facia;
3. Submission of color scheme.

RECOMMENDATION: APPROVAL

SUBJECT TO: 3. Submission of color scheme.

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 19 April 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Mountain Lake Park Rehabilitation

REVIEW PHASE: I/II AGENDA ITEM: 6 PRESENTED BY: Richard Schadt

APPLICANT/AGENCY: RICHARD SCHADT ASSOC., 224 - 16th Avenue, S.F. 94118

DESCRIPTION OF PROJECT:

This \$120,000.00 project will involve little planting (ample trees & bushes already there) but will be intensely irrigated; play area will be closely tied in; a nature trail is being explored.

The focus of the project will be on the play areas which will be tightly tied to the water. There will be play areas for all ages and an over abundance of grass. The sides and curved balconies of children's play structures will be covered with ceramic tiles depicting mountain/lake motifs.

1. Provision of a general scheme;
2. Specific design of entry ways;
3. Design/rehabilitation of extant card shack;
4. Design/pre-school play structure.

PROJECT SUBMISSION: West End Barrier/Golden Gate Park

REVIEW PHASE: II/III AGENDA ITEM: 2 PRESENTED BY: John Alexander/Jim Cooney

APPLICANT/AGENCY: Michael Painter & Associates/Rec & Park

DESCRIPTION OF PROJECT:

Barrier will be essentially as previously approved, though moved closer to the Great Highway. All existing trees in good condition will be preserved. New planting to the west of the barrier (cypress, shrubs, ground cover); reforestation to the east. New railroad tie steps with decomposed granite path to equestrian trail added at Lincoln Avenue end; asphalt paths at north end.

RECOMMENDATION: APPROVAL SUBJECT TO: _____

PROJECT SUBMISSION: Columbus Square/Conrad Park

REVIEW PHASE: I AGENDA ITEM: 3 PRESENTED BY: Garrett Eckbo

APPLICANT/AGENCY: EckboKay

DESCRIPTION OF PROJECT:

Lawn and paved areas, additional trees (pine, red chestnut, pittosporum, flowering), benches, concrete walls and steps. Future development at the south end of the triangle will consist of a lily pool with a bust of Joseph Conrad (copy of the Epstein bust owned by the Maritime Museum), surrounded by a wrought iron fence. Final design decisions on the future development to be determined.

RECOMMENDATION: APPROVAL SUBJECT TO: Approval by the Art Commission of all quotations and inscriptions.

PROJECT SUBMISSION: S.E.W.P.C.P./Solids

REVIEW PHASE: I AGENDA ITEM: 4 PRESENTED BY: Richard T. Fiory

APPLICANT/AGENCY: DPW/Architecture

DESCRIPTION OF PROJECT:

Centrifuge to be housed in a heavy concrete frame building, with sludge being carried up two conveyor belts surrounded by 9' metal tubes to metal holding tanks resting on porcelain enamel-clad steel framework. All handling of sludge will be enclosed. Centrifuge building to have poured-in-place concrete walls at ground level; infill panels over (glass block or other). Committee suggested that the structural expression on the centrifuge building be re-studied and simplified, that motif on lot line wall carried from adjoining fences be eliminated, that color variations on the porcelain enamel components be simplified.

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 24 May 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: MUNI/Operators' Toilets

REVIEW PHASE: I/II/III AGENDA ITEM: 10 PRESENTED BY: Daniel P. Suloff

APPLICANT/AGENCY: Public Utilities Commission

DESCRIPTION OF PROJECT:

Locked toilet rooms, containing toilet, urinal and basin, will be set on City sidewalks, with access by MUNI operators only, in fifteen different sites in the City. Proposed design is a 4' x 7' precast concrete block, with a small venting skylight in the roof. Installation of the toilet rooms, requested by the operators' union, will be expensive and have a major visual effect at the sites selected. The Committee feels that the project must be studied more intensively. Maintenance, both inside and out, is important, but equally important is the visual impact of a major piece of street furniture. The Committee suggested further study of possible plumbing units, which might allow a less bulky shape than that proposed.

RECOMMENDATION: DISAPPROVAL SUBJECT TO: _____

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 21 June 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Ferry Building Complex

REVIEW PHASE: EXHIBIT AGENDA ITEM: 2 PRESENTED BY: Al Blake

APPLICANT/AGENCY: Continental Development Corporation

DESCRIPTION OF PROJECT:

This project is comprised of a complete refurbishing and extension of the Ferry Building at the foot of Market Street.

Commissioner Vedensky expressed specific concerns over: (a) pedestrian access past Tower to Ferry Terminal & Bart pathway; (b) the squaring of old & new construction in auxiliary buildings; and (c) getting greenery to grow on the Arcade trellace next to the Bay.

Commissioner Vedensky requested that the Applicant make a presentation with model to the full Art Commission at its next regular meeting.

RECOMMENDATION: APPROVAL SUBJECT TO: Submission of final working drawings clearly outlining significant visual aspects of proj.

FOR THE COMMITTEE: Smith Vedensky /ps, Chairperson

ART COMMISSION ACTION at its meeting of 12 July 1982:

RESOLUTION NO. 1982-209: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

FOR THE COMMISSION: Sam Elman /ps, Director

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 21 June 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Candlestick Park Fire Exits

REVIEW PHASE: I/II AGENDA ITEM: 4 PRESENTED BY: Irv Chakov/Joe Chow

APPLICANT/AGENCY: DPW - CH 265

DESCRIPTION OF PROJECT:

This rather straightforward project consists of extending existing gates (preserving same detailing).

RECOMMENDATION: APPROVAL SUBJECT TO: Receipt of final working drawings by next regular Art Commission meeting.

FOR THE COMMITTEE: Donna Vidensky/pt., Chairperson

ART COMMISSION ACTION at its meeting of 12 July 1982:

RESOLUTION NO. 1982-210: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

FOR THE COMMISSION: Sam Ellison/pt., Director

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 21 June 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Marina Parking Garage

REVIEW PHASE: III AGENDA ITEM: 5 PRESENTED BY: Stephen Su/Wayne Gee

APPLICANT/AGENCY: DPW - CH 351

DESCRIPTION OF PROJECT:

This project has been amended to include: railings atop half-opening walls; exterior lighting recessed from pedestrian view; fluorescent lighting on internal railings; 8' spans of internal lighting on ceiling between double T's.

RECOMMENDATION: APPROVAL SUBJECT TO: Elimination of first row of lighting along Pierce Street.

FOR THE COMMITTEE: Smith Vachinsky /pf., Chairperson

ART COMMISSION ACTION at its meeting of 12 July 1982:

RESOLUTION NO. 1982-211: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

FOR THE COMMISSION: Joan O'Brien /pf., Director

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 21 June 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Lincoln Park Water Service

REVIEW PHASE: I/II/III AGENDA ITEM: 6 PRESENTED BY: Walt Kocian/Howard Lim

APPLICANT/AGENCY: DPW - CH 260

DESCRIPTION OF PROJECT:

The installation of a new water line for irrigation down 39th Avenue necessitates the construction of a pump house in Lincoln Park (as well as the elimination of one tree and the creation of a gate through the park's fence).

The pump house will be of tan concrete with dark brown louvers and doors and light walnut shingles.

RECOMMENDATION: APPROVAL SUBJECT TO: _____

FOR THE COMMITTEE: Smith, Volinsky/pf., Chairperson

ART COMMISSION ACTION at its meeting of 12 July 1982:

RESOLUTION NO. 1982-212: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

FOR THE COMMISSION: Paul Allen/pf, Director

PROJECT SUBMISSION: Huntington Falls Restoration

REVIEW PHASE: III AGENDA ITEM: 2 PRESENTED BY: Kay Kajiwara

APPLICANT/AGENCY: CHNMB, 2789 - 25th St., S.F. 94110

DESCRIPTION OF PROJECT:

Budgetary constraints taken into account, applicant noted the following changes in the project: the addition of switchback routes; the elimination of earlier-presented ancillary falls; lower foot-bridge to be reinforced for service vehicle entry; the addition of a re-cycled water system (falls to flow continuously); aspect to be a combination of natural & simulated rock overall; gabion/cribbing permeating terraced areas approaching falls.

RECOMMENDATION: Approve SUBJECT TO: Receipt of final working drawings at Art Commission offices by 2 August 1982.

FOR THE C O M M I T T E E: Robert La Rocca /pf., Chairperson

ART COMMISSION ACTION at its meeting of 2 August 1982:

RESOLUTION NO. 1982-241: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approved the project submission indicated herein.

PROJECT SUBMISSION: Fulton Playground Rehabilitation

REVIEW PHASE: I AGENDA ITEM: 3 PRESENTED BY: Eni Rosenthal

APPLICANT/AGENCY: PARCTEC, 1932 Polk St., S.F. 94109

DESCRIPTION OF PROJECT:

Being one of three playground rehabilitation projects with similar settings (ref.: Argonne & Cabrillo playgrounds), applicant indicated that at least two alternative schemes of re-design/refurbishment for each were reviewed/passed on by the appropriate local communities—with the following surmising FULTON PLAYGROUND:

The Local Community is partial to PARCTEC's Scheme B: main entry to be embellished while leaving multiple entrys to park; teen/tot play areas placed contiguous with public seating separating; minor expansion of planting—in conservative spirit of local community—with room for expanded planting over the next 5-10 years; addition of colored plexi-paint on concrete play/tennis areas.

Commissioner La Rocca suggested strengthening the design of this particular park.

RECOMMENDATION: Approve SUBJECT TO: _____

FOR THE C O M M I T T E E: Robert La Rocca/pf., Chairperson

ART COMMISSION ACTION at its meeting of 2 August 1982:

RESOLUTION NO. 1982-243: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approved the project submission indicated herein.

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 19 July 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Argonne Playground Rehabilitation

REVIEW PHASE: I AGENDA ITEM: 4 PRESENTED BY: Eni Rosenthal

APPLICANT/AGENCY: PARCTEC, 1932 Polk St., S.F. 94109

DESCRIPTION OF PROJECT:

The Local Community is partial to PARCTEC's Scheme A: a heavy emphasis on seating for seniors; the effectation of an open fence-line for continuous entry; the introduction of new play elements that will complement extant play elements to be preserved and refurbished; the maintenance and refurbishment of extant tennis/ basketball areas contiguously to create off-prior-use area for soccer.

RECOMMENDATION: Approve SUBJECT TO: _____

FOR THE COMMITTEE: Robert La Roca/pf., Chairperson

ART COMMISSION ACTION at its meeting of 2 August 1982:

RESOLUTION NO. 1982-243: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approved the project submission indicated herein.

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 19 July 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Cabrillo Playground Rehabilitation

REVIEW PHASE: I AGENDA ITEM: 5 PRESENTED BY: Eni Rosenthal

APPLICANT/AGENCY: PARCTEC, 1932 Polk St., S.F. 94109

DESCRIPTION OF PROJECT:

The Local Community is partial to improvements on PARCTEC's Scheme A: removal of chain link fencing and replacement with pipe fencing; mounding/berm up to retaining wall to link two play areas with play hill; reschedule softball playing to accommodate play activities on a contiguous play area.

RECOMMENDATION: Approval SUBJECT TO: _____

 action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Cable Car Terminal at Victorian Square

REVIEW PHASE: I/II AGENDA ITEM: 8 PRESENTED BY: Lynn Pio

APPLICANT/AGENCY: PUC, 693 Vermont St., S.F. 94107

DESCRIPTION OF PROJECT:

Applicant outlined this project to include: a property transfer with GGNRA for more direct entry and storage of cable cars; Belgian blocks on sidewalk and boarding areas in Victorian Park; installation of a GGNRA Information booth; a three-phase traffic lite system at intersection; a large berm cascading down from the terminal.

Commissioner La Rocca suggested that the project be given architectural strength by adding a stone retaining wall with cement capping at the level of the terminal with a berm sloping down from it. The Commissioner indicated that Belgian block is harsh on the feet and suggested that paving be restudied. The Commissioner further suggested that bollards be placed at the corner entry point of the cable cars as an additional visual alert to pedestrians to watch for entering cars.

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 19 July 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Geneva Car Barn

REVIEW PHASE: I AGENDA ITEM: 10 PRESENTED BY: R.L. Stein

APPLICANT/AGENCY: PUC - 693 Vermont St., S.F. 94107

DESCRIPTION OF PROJECT:

Applicant outlined this project to include: demolition of the existing car yard (with the exception to a brick building at the far corner of the property); erection of a high tech building (to match the adjacent MUNI/Metro building) as a facility for extensive repairs as well as a paint & body shop; the inclusion of some employee facilities; to be build on an existing retaining wall; the embankment from this wall to sidewalk to be planted; new fencing to be added on the San Jose Avenue side.

Commissioner La Rocca suggested that the fencing be of corrugated metal to match the high tech aspect of the building.

RECOMMENDATION: Approve SUBJECT TO:

PROJECT SUBMISSION: San Francisco Central City Park

REVIEW PHASE: III (of I) AGENDA ITEM: 8 PRESENTED BY: Patricia Carlisle

APPLICANT/AGENCY: ROYSTON, HANAMOTO, ALLEY & ABEY, Box 937, Mill Valley, Ca. 94942

DESCRIPTION OF PROJECT:

Final plans for this Stage of Project, on the Jones St. side of site, include: reinforcing existing wall; elimination of existing "side-walk" rooms; addition of storm drain system; addition of stepped concrete wall along Jones Street (possible brick-faced in the final stage if budget holds up) topped by iron fence.

The Committee suggested that the concrete wall be sand-blasted and/or fine-plywood set, for aesthetic purposes, as a hedge against the elimination of brick-facing.

REVIEW PHASE: I/II AGENDA ITEM: 2 PRESENTED BY: Edwin A. Barnett

APPLICANT/AGENCY: Pier 39/Operations, Box 3730, S.F. 94119

DESCRIPTION OF PROJECT:

The first segment of this project consists of expanding the Marina by 38 berths with very little aesthetic change.

The second segment encompasses removal of extant tires, replacement with a concrete breakwater (tied to Pier 39) with angled supports on both sides—visual exposure to be 1 ft. at high-tide and 12 ft. at low-tide, and the extension of a well-guarded gate to prevent passage to the breakwater.

Detail of the protective device on the gate between pier & breakwater and presentation of final working drawings prior to next regular

APPLICANT/AGENCY: Pier 39/Operations, Box 3730, S.F. 94119

DESCRIPTION OF PROJECT:

This project is comprised of: reserving a portion of the existing raised deck to be developed as a nursery for the entire Park (nursery to be enclosed with board & batten fence); additional public raised decks with openings to water below; provision for service vehicle access; additional planting; extension of existing benches; extension of grass panel with street trees along the Embarcadero; a 42" high semi-circular cobblestone wall surrounding 3 flag poles at south corner of the Park to direct pedestrian traffic and define the end of the Park; sign on cobblestone crescent wall to read "Pier 39 Waterfront Park"; large asphalt paved area for community activities.

The Committee suggested a restudy of the lawn panel and of the cobblestone crescent, elimination of the walkway on the north-west side of the crescent, and the possibility of opening the crescent more to the large paved area.

C I V I C D E S I G N C O M M I T T E E

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 23 August 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Pier 39/TICKET BOOTH

REVIEW PHASE: I AGENDA ITEM: 4 PRESENTED BY: Edwin A. Barnett

APPLICANT/AGENCY: Pier 39/Operations, Box 3730, S.F. 94119

DESCRIPTION OF PROJECT:

The booth will be an extension of the traditional design/shape of the security booth, only slightly longer, and will be surmounted by two flag poles and a sign reading "Bay Tours." The booth will be approached by interlocking black brick pavers.

The Committee suggested further study for more sophisticated signage.

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 20 September 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Gertrude Atherton Commemorative Plaque/Lafayette Park

REVIEW PHASE: I/II/III AGENDA ITEM: 1 PRESENTED BY: Emily Leider

APPLICANT/AGENCY: Emily Leider, 1520 Lake Street, S.F. 94118

DESCRIPTION OF PROJECT:

An 8" x 16" bronze plaque with Runic #7 lettering will be flush-sunk in poured concrete and placed on an extant fountain base in Lafayette Park.

Since the text for the plaque has already been approved by the Literature Committee and resolved by the Art Commission (Resolution 1982-287), a subsequent proposal to add the word "eminent" to the text will probably be abandoned.

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 20 September 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: SFGH/Alterations on Building #1

REVIEW PHASE: I/II/III AGENDA ITEM: 2 PRESENTED BY: George Matsumoto

APPLICANT/AGENCY: GEO. MATSUMOTO ASSOC., 215 Leidesdorff St., S.F. 94111

DESCRIPTION OF PROJECT:

The reviewable portion of this submission entails the addition of a fire exit on the 1st floor of Building #1, recessing by 5' the fire door wall, and the installation of bridge stairs to/from the door.

- (a) painting pipe railing on bridge in earth colors;
- (b) sand-blasting and adding a reveal on the bridge wall;
- (c) submission of final working drawings to the Art Commission before its next regular meeting.

RECOMMENDATION: APPROVAL SUBJECT TO: _____

FOR THE COMMITTEE: Robert L. Rocco /pf., Acting Chairperson

ART COMMISSION ACTION at its meeting of 4 Oct 1982:

RESOLUTION NO. 1982-293: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of
with the Landmarks Board,
29 September 1982 /reviewed the following project submission and recommends
action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Belt Line Railroad Roundhouse Restoration/Development

REVIEW PHASE: I AGENDA ITEM: n/a PRESENTED BY: John Buss

APPLICANT/AGENCY: BUNJIE DOWSE & CO., 850 Montgomery Street, San Francisco 94133

DESCRIPTION OF PROJECT:

Applicant having presented 7 possible schemes for the restoration and development of the Belt Line Railroad Round House site, the Committee reached consensus for Phase I conceptual approval of the project that includes the following specifications:

- a. Preference for Schemes 6 & 7 (i.e., the elimination of any front building on the area wedged by Sansome St. & the Embarcadero);
- b. retention of an industrial character in the overall development of the site (i.e., diminish cute/slick treatment—particularly with regard to area in front of the Round House, where a locomotive/railroad artifacts might be installed);
- d. full-massing of 4-floor rear building to corner of Sansome & Lombard Streets (eliminating plaza at that corner);
- e. Preference for Scheme 5's treatment of rear building's relation to backside of Round House;

RECOMMENDATION: APPROVAL SUBJECT TO: Foregoing specifications (over)

FOR THE COMMITTEE: Robert La Rocca/pf, Acting Chairperson

ART COMMISSION ACTION at its meeting of 4 Oct 1982:

RESOLUTION NO. 1982-294: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

FOR THE COMMISSION: Joan Ellison, Director

DESCRIPTION OF PROJECT: (continued)

diminish

- f. appropriate embellishment of rear building to/diminish industrial aspect of this massive structure (viz., differentiating fenestration East-West/North-South as reflected in Round House);
- g. some type of upper floor step-down on rear building toward Sand House.

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 20 September 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Belt Line Round House

REVIEW PHASE: I AGENDA ITEM: 3 PRESENTED BY: John Buss/Zandra Knutson

APPLICANT/AGENCY: BUNJIE DOWSE & CO., 850 Montgomery St., Suite 400, S.F. 94133

DESCRIPTION OF PROJECT:

This project submission, defined by the Embarcadero/Lombard/Sansome Streets, entails the adaptive restoration of the Round House & Sand House buildings; the construction of a four-story tiered building on Lombard Street for retail usage; and the construction of a glass-boxed special use building at Sansome & the Embarcadero that will pick up on the shape of the Round House structure. A continuity of materials will be maintained in the project—the goal of which will be to return the site to its 1930's splendor.

Since two extant buildings on the site are landmark-designated, and since the project is subject to review by the Landmarks Board, EIR, the Port Commission, the Planning Department, and the National Registry for Historic Preservation, the Committee forsook action on the project at this time until a joint review with the Landmarks Board could be arranged.

RECOMMENDATION: None at this time SUBJECT TO: Joint review with the Landmarks Board

FOR THE COMMITTEE: Robert LaRocca /pf., Acting Chairperson

ART COMMISSION ACTION at its meeting of n/a:

RESOLUTION NO. _____: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby _____ the project submission indicated herein.

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 20 September 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Moscone Parking Garage

REVIEW PHASE: II/III AGENDA ITEM: 4 PRESENTED BY: Robert Tucker

APPLICANT/AGENCY: HKI&T, 522 Washington Street, S.F. 94111

DESCRIPTION OF PROJECT:

Presentors submitted to the Committee final working drawings for this project with further detailing to include: a 40' mall between the garage and the adjacent Convention Plaza (encompassing covered/non-connecting arcade, dark aggregate paving at entry followed by dark tile/double pattern, and a fountain with reflecting wall at far end); elevator core at corner of 3rd & Clementina; trip system irrigation to planters atop louvered paneling; rails replacing planters at back end of building.

- (a) receipt of planting plan; color schemes materials samples;
- (b) detail of drip irrigation to each planter;
- (c) Letter of Understanding delineating Art Enrichment jurisdictions concerning this project between the Art Commission and the Redevelopment Agency;
- (d) Avoidance of multiple spandrels on glass enwalled elevator core.

RECOMMENDATION: APPROVAL SUBJECT TO: _____

FOR THE COMMITTEE: Robert LaRocca/pf., Acting Chairperson

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 20 September 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Westpark Townhomes Parking Garage

REVIEW PHASE: II/III AGENDA ITEM: 5 PRESENTED BY: Robert Tucker

APPLICANT/AGENCY: HKI&T, 522 Washington Street, San Francisco 94111

DESCRIPTION OF PROJECT:

Presentors submitted to the Committee final working drawings for this project with further detailing similar to that for the Moscone Parking Garage project, excepting: housing floors dropping to lower levels at rear of structure and end of Clementina St.; garage floors to higher levels toward front portions of structure; development of commercial space off mall side adjacent to Convention Plaza.

- (a) compliance with specifications 'a' thru 'd' for the Moscone Parking Garage;
- (b) butt planting on corner of 3rd & Clementina extending half-way down alley;

RECOMMENDATION: APPROVAL SUBJECT TO: (c) similar planting on West elevation mall wall

FOR THE COMMITTEE: Robert L. Rocca/pf., Acting Chairperson

C I V I C D E S I G N C O M M I T T E EACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 20 September 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Casa de la Raza

REVIEW PHASE: II/III AGENDA ITEM: 6 PRESENTED BY: Robert Tucker

APPLICANT/AGENCY: HKI&T, 522 Washington Street, San Francisco 94111

DESCRIPTION OF PROJECT:

Presentor submitted final working drawings for this 51-unit Section 8 subsidized housing further detailing the project to include: an enlarged 22nd Street entry-way; doubled grilling on the lower portions of the ground-level light apertures to screen off cars; color scheme (buildings/white stucco, shingles/dark bwn., gables/shades of golden, orange, dark brown); vine pockets at base of Bartlett St. walls and planters atop with growth cascading down; Borumite paving on housing mall with broom-finish cement connector paths; a fountain at the 22nd & Bartlett Streets entrance to satisfy Art Enrichment requirements.

- (a) installation of large-scale street trees along the full length of Bartlett St.;
- (b) heavier/different texture of stucco on Bartlett St. wall spaces between grilled apertures.

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 20 September 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Casa de la Raza Parking Garage

REVIEW PHASE: I/II/III AGENDA ITEM: 6a PRESENTED BY: Robert Tucker

APPLICANT/AGENCY: HKI&T, 522 Washington St., S.F. 94111

DESCRIPTION OF PROJECT:

Presentor outlined this project to be a basic shell structure supporting the Casa de la Raza housing project. The first level of the garage will be public/commercial parking; the second level will be for Casa de la Raza residential parking. Signage above garage entry-ways will be on spandrels and of caste, raised letters in white.

- (a) compliance with grilling detail outlined for Casa de la Raza project;
- (b) compliance with exterior stucco treatment of Bartlett St. street level walls outlined for Casa de la Raza project;
- (c) elimination of mullions in bathroom-facilities windows below managers flat on Bartlett St. side of structure.

PROJECT SUBMISSION: Handicapped Ramps/City Hall/Van Ness No. Walkway

REVIEW PHASE: III AGENDA ITEM: 10 PRESENTED BY: B. von Hungen Groth

APPLICANT/AGENCY: Bureau of Architecture, CH - Room 265

DESCRIPTION OF PROJECT:

Presentor submitted final working drawings to the Committee detailing: walkway; doors (Option D); berming of both sides of entry; fewer foot-lights (inset at every other module); granite veneer below grade for soil slippage; temporary safety fencing on inner side of ramp until shrubbery reaches appropriate density; planting wrapped around corners of City Hall for purposes of aesthetic symmetry; use of a levelly sloped, rather than tiered, coping; 4"-high bronze railing atop coping set at mortar joints. Center entry door-way to include: new marble floor; oak doors push-button activated; new ceiling in enclosure with recessed lighting; bronze/ivory excised "handicapped-sineage (horizontal outside building/vertical inside door enclosure); extension of existing drainage/irrigation plan.

Cost-efficient/exercisable/& desirable alternatives to the foregoing: ramp floors either pre-cast with granite chips, rustic terrazzo, or concrete; installation of a double railing; elimination of landscaping around corners of City Hall; elimination of all landscaping, excepting the replacement of anchor trees on both sides of Polk Street

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 20 September 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: SFIA/Avis Dispatch Booth

REVIEW PHASE: I/II AGENDA ITEM: 14 PRESENTED BY: Jose Carballeira

APPLICANT/AGENCY: SFIA/Engineering, S.F. 94128

DESCRIPTION OF PROJECT:

The Committee expressed dissatisfaction with renderings presented for this submission and required the inclusion of the following before determinately reviewing the project:

- a. A perspective sketch of the project looking Eastward;
- b. Renderings that clearly designate all elevations of both existing—and new—structures;
- c. A site plan of the area surrounding the proposed project;
- d. An auto circulator plan showing car approaches relative to the project's situation.

The project was withdrawn at the stipulation of the Committee for lack of adequate information.

RECOMMENDATION: WITHDRAWN SUBJECT TO: Provision of the foregoing information.

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 18 October 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Mountain Lake Park Rehabilitation

REVIEW PHASE: III AGENDA ITEM: 1 PRESENTED BY: Richard Schadt

APPLICANT/AGENCY: RICHARD SCHADT ASSOC., 224 - 16th Avenue, S.F. 94118

DESCRIPTION OF PROJECT:

Presentor gave final outline of this project to include: detailed irrigation of entire park; construction of pathways and play area (basketball court); rehabilitation of par course; construction of steps on 11th & 12th Avenues; no lighting; benches facing south; granite curbs & steps; chain railing; asphalt paving overall; selective use of bollards of various heights; elimination of ceramic work on play structure.

The Committee suggested the incorporation of a rail or raised lip on slides to prevent a child's potential fall to granite steps and researching the required heights on play equipment for safety purposes.

RECOMMENDATION: APPROVAL Submission of final working drawings by
SUBJECT TO: next regular meeting of Art Commission.

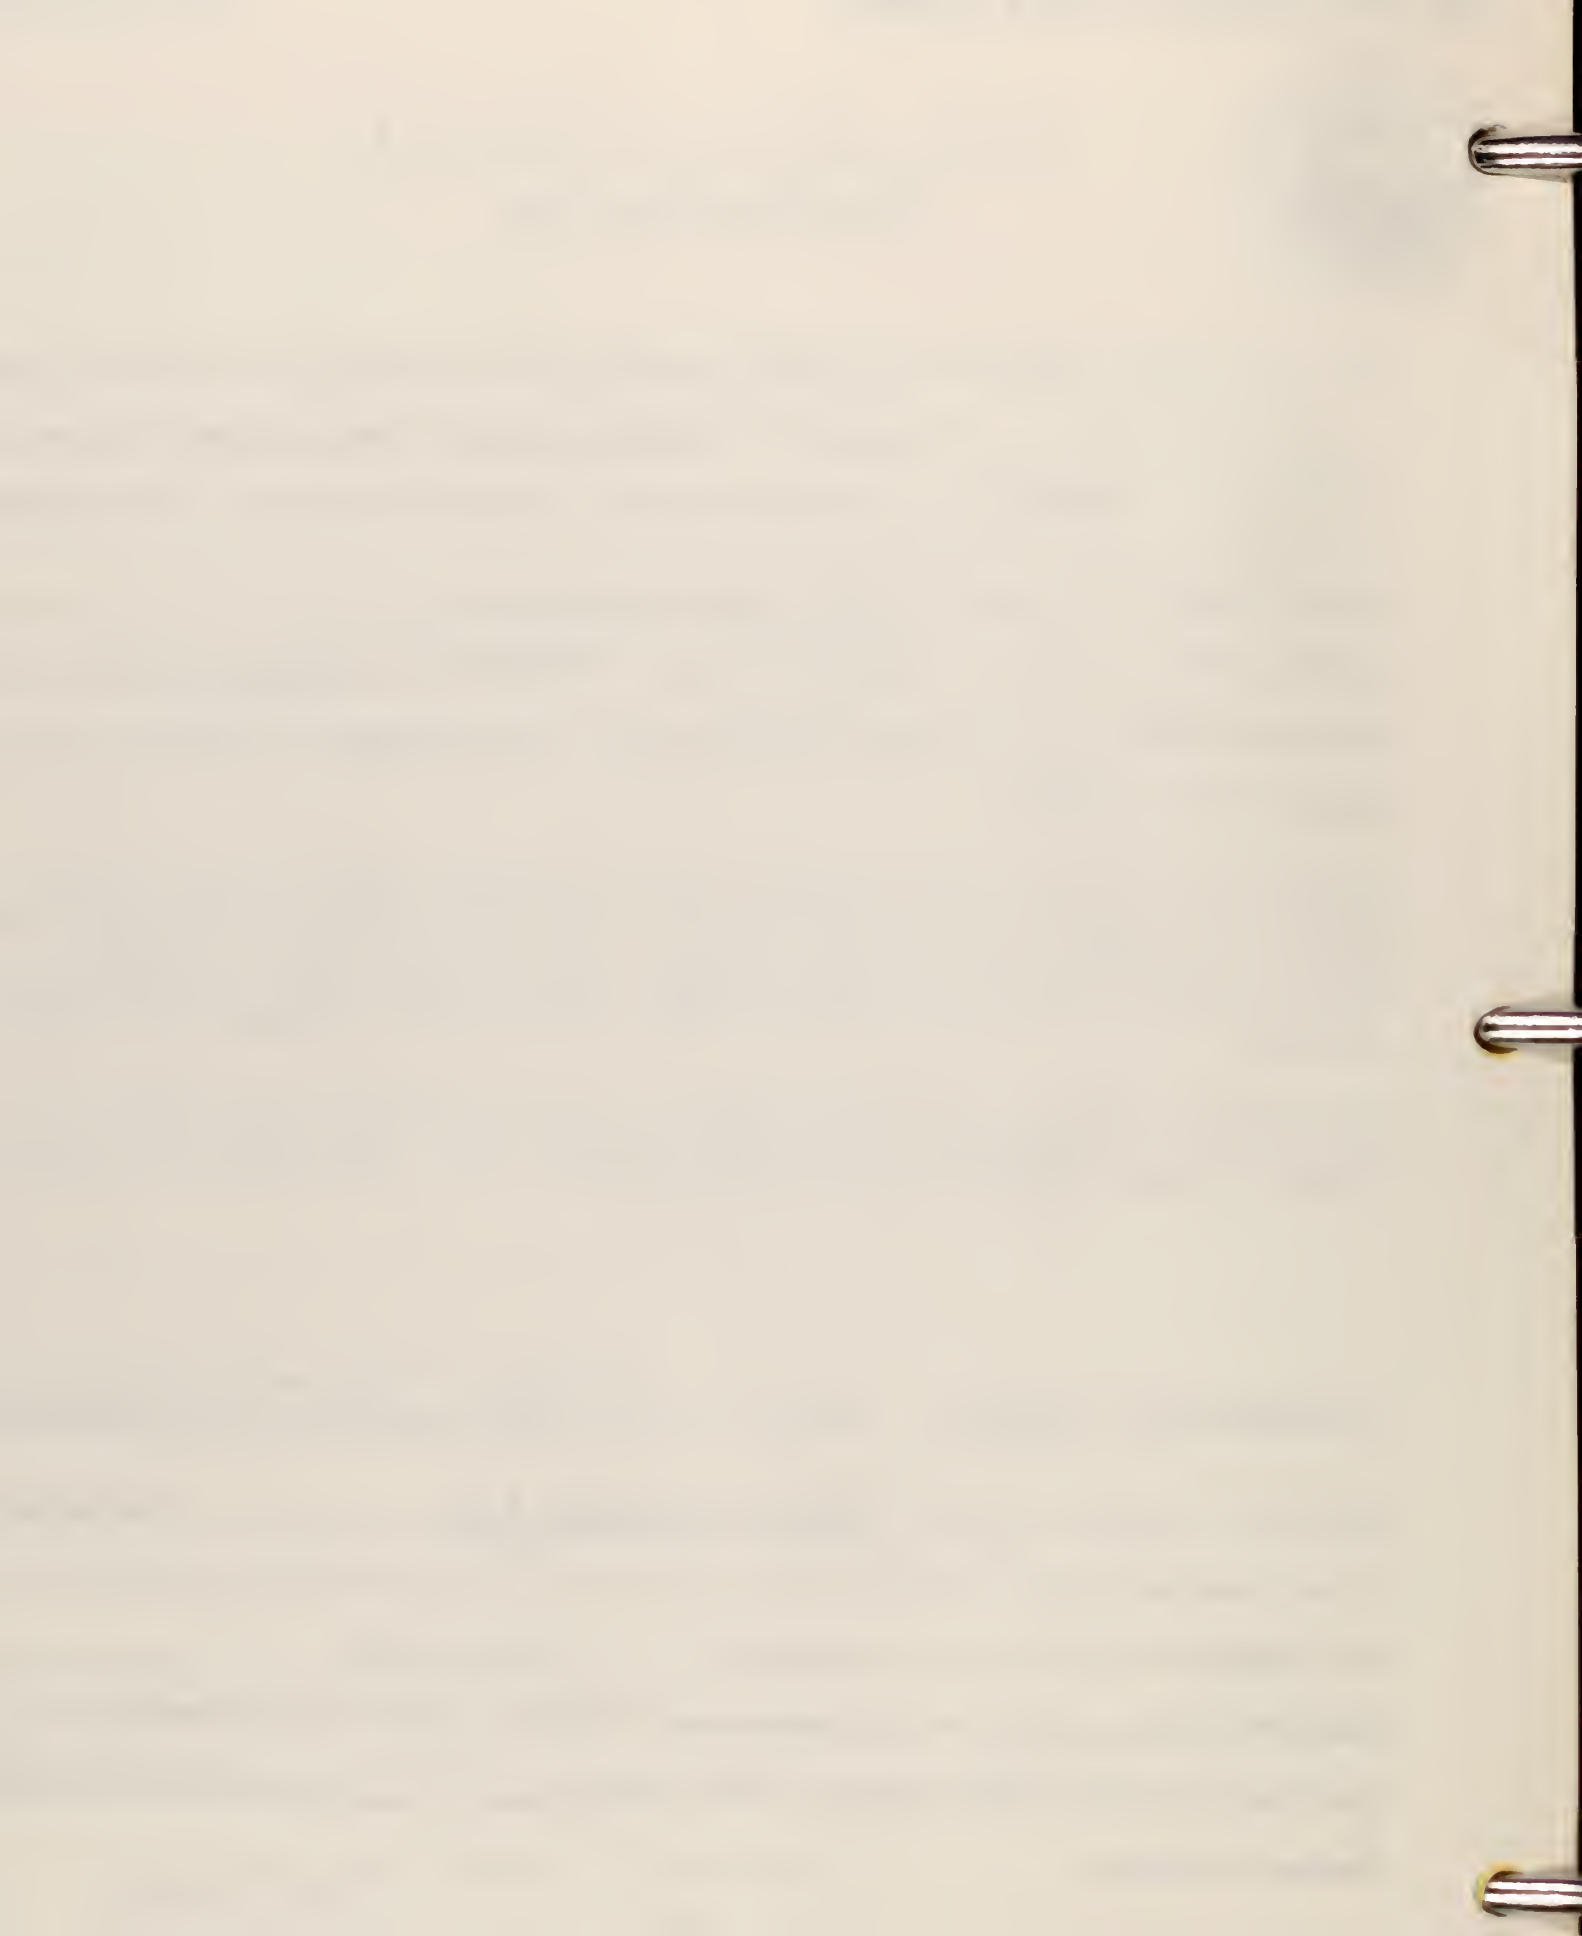

FOR THE COMMITTEE: Justin Urduluy/pf., Chairperson

ART COMMISSION ACTION at its meeting of 1 November 1982:

RESOLUTION NO. : ~~Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby~~ the project submission indicated herein

WITHDRAWN pending submission of final working drawings.

FOR THE COMMISSION: Joan Ellison/pf., Director

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 18 October 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Cable Car Turn Table/Taylor & Bay

REVIEW PHASE: I AGENDA ITEM: 2 PRESENTED BY: Richard Schadt

APPLICANT/AGENCY: RICHARD SCHADT ASSOC., 224 - 16th Avenue, S.F. 94118

DESCRIPTION OF PROJECT:

Presentor outlined project to include: protective waiting structure of wood & concrete with aluminum-framed/sloped sky-light along with other areas of open trellis; circulation pattern for 30-minute queues with ticketing along extant wall; sticker parking adjacent to/under street tree planting. Exact extent of planting is still under study.

The Committee suggested: pulling out curbs at Taylor & Francisco Streets to prevent accidental auto entry and use of pre-fab oval toilet similar to those priorly approved by the Committee.

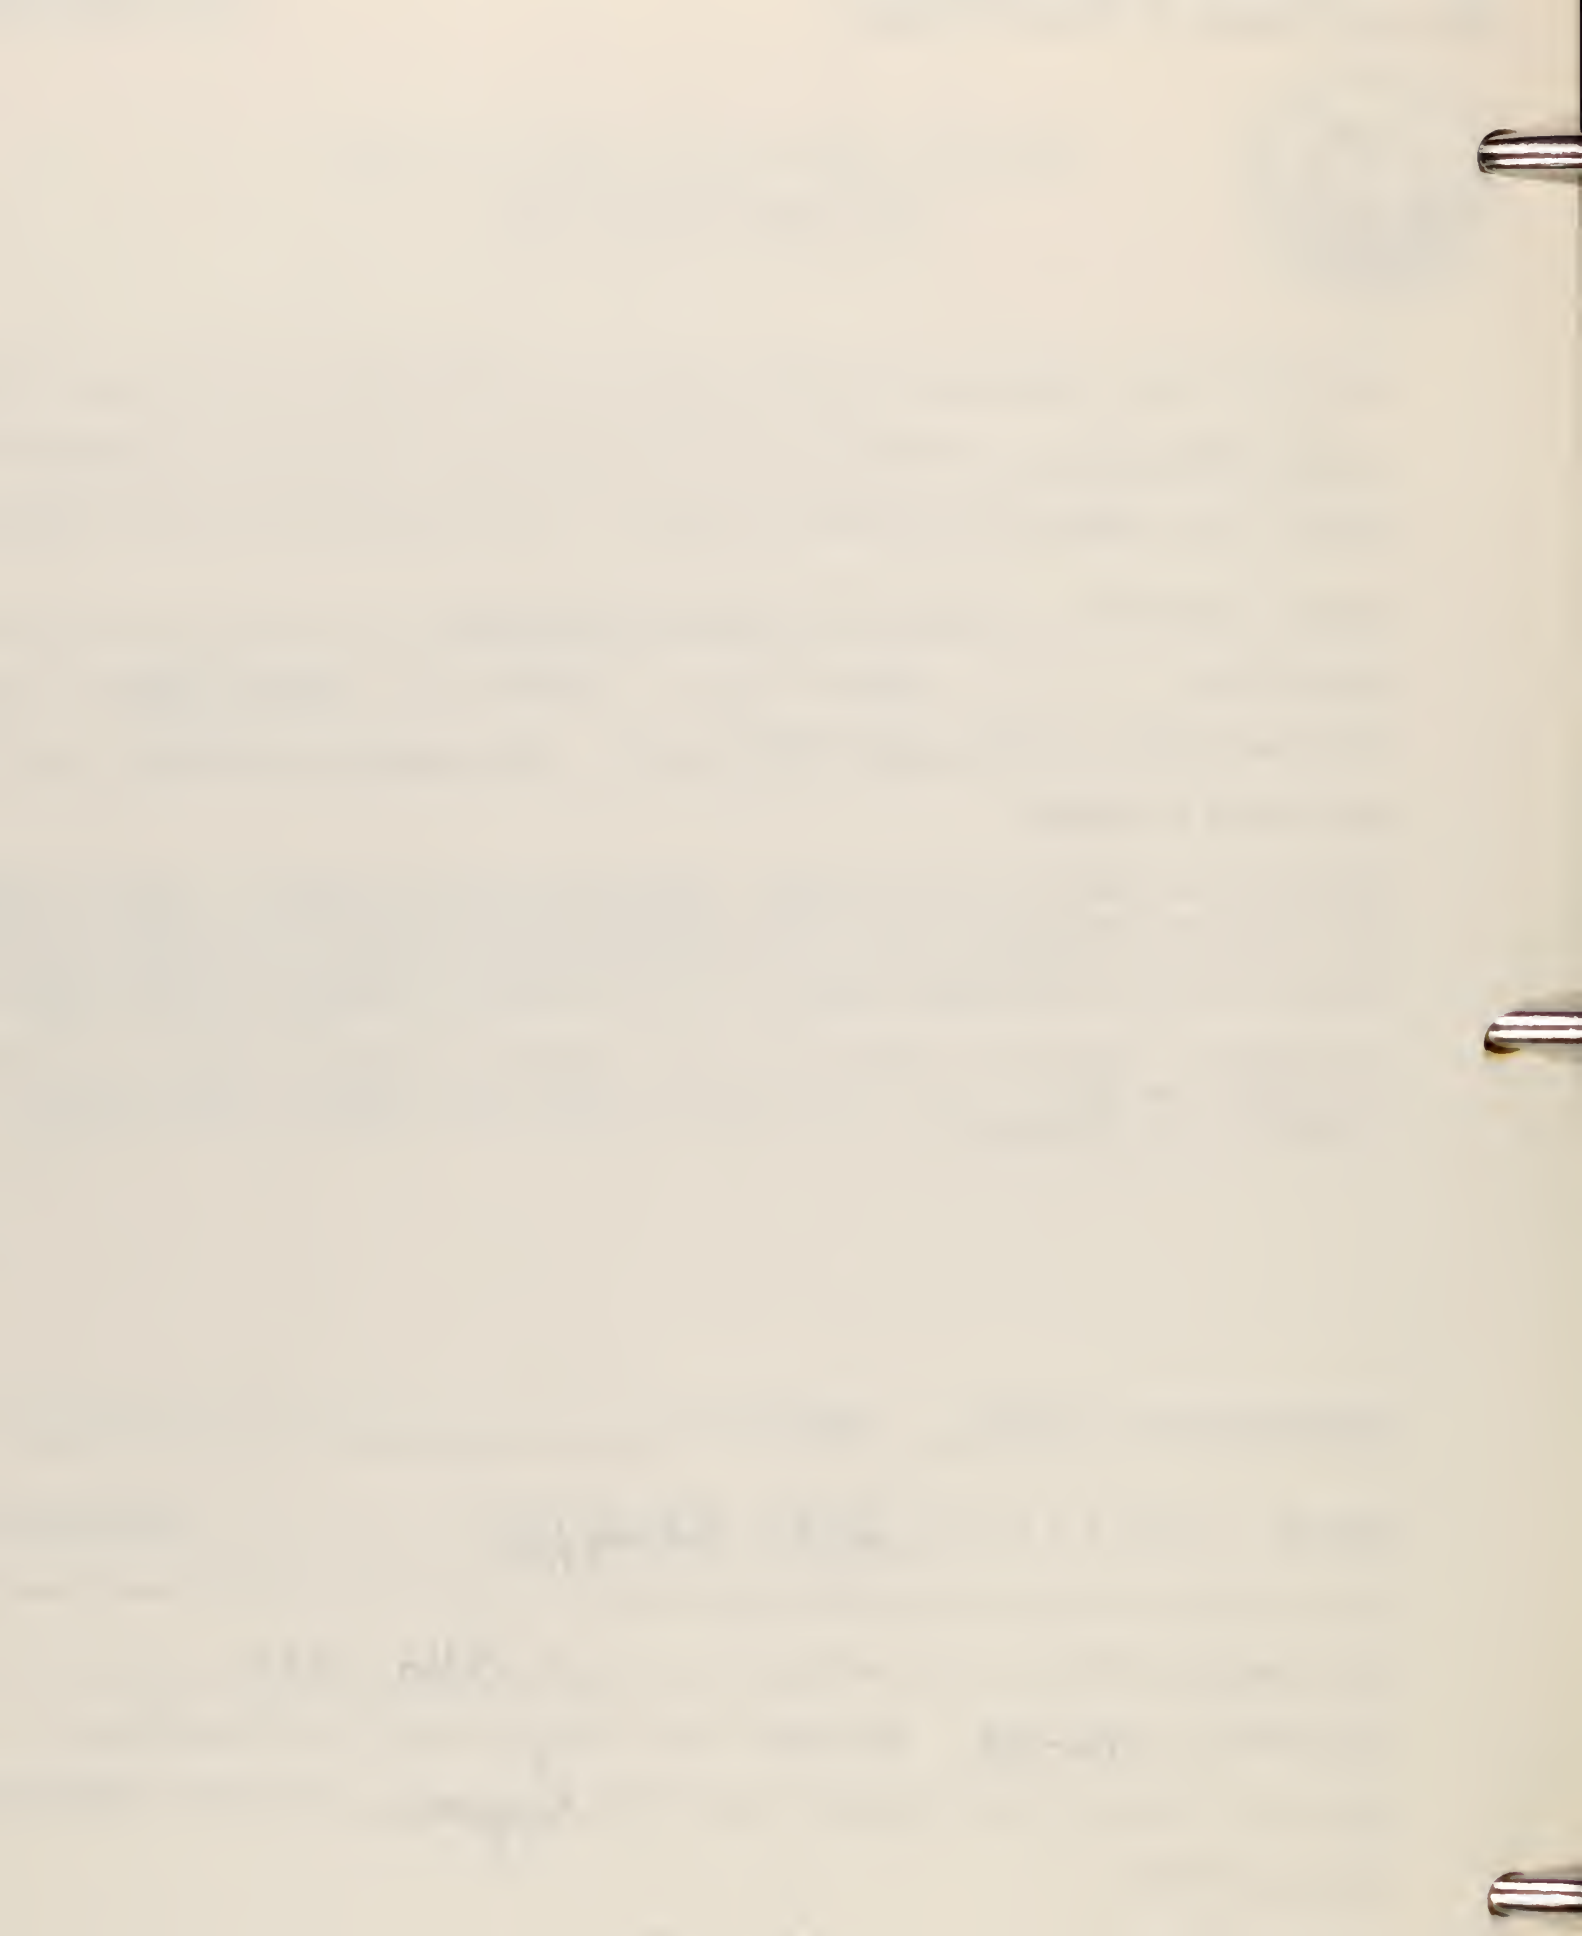

RECOMMENDATION: APPROVAL SUBJECT TO: _____

FOR THE COMMITTEE: Smith Veldhuis /pf., Chairperson

ART COMMISSION ACTION at its meeting of 1 Nov. 1982:

RESOLUTION NO. 1982-339: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 18 October 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Washington Square Play Area Rehabilitation
REVIEW PHASE: II/III AGENDA ITEM: 3 PRESENTED BY: Walt Kocian
APPLICANT/AGENCY: DPW/Engineering - CH 260

DESCRIPTION OF PROJECT:

Presentor gave final outline of this project to include: moving swing elements and installation of black-vinyl-wrapped chain link fence on portion of perimeter. Project also includes a 5-deep common smooth brick path on concrete base around Lily Coit monument.

The Committee suggested bending entry steps at N/W corner to avoid extant drainage grate.

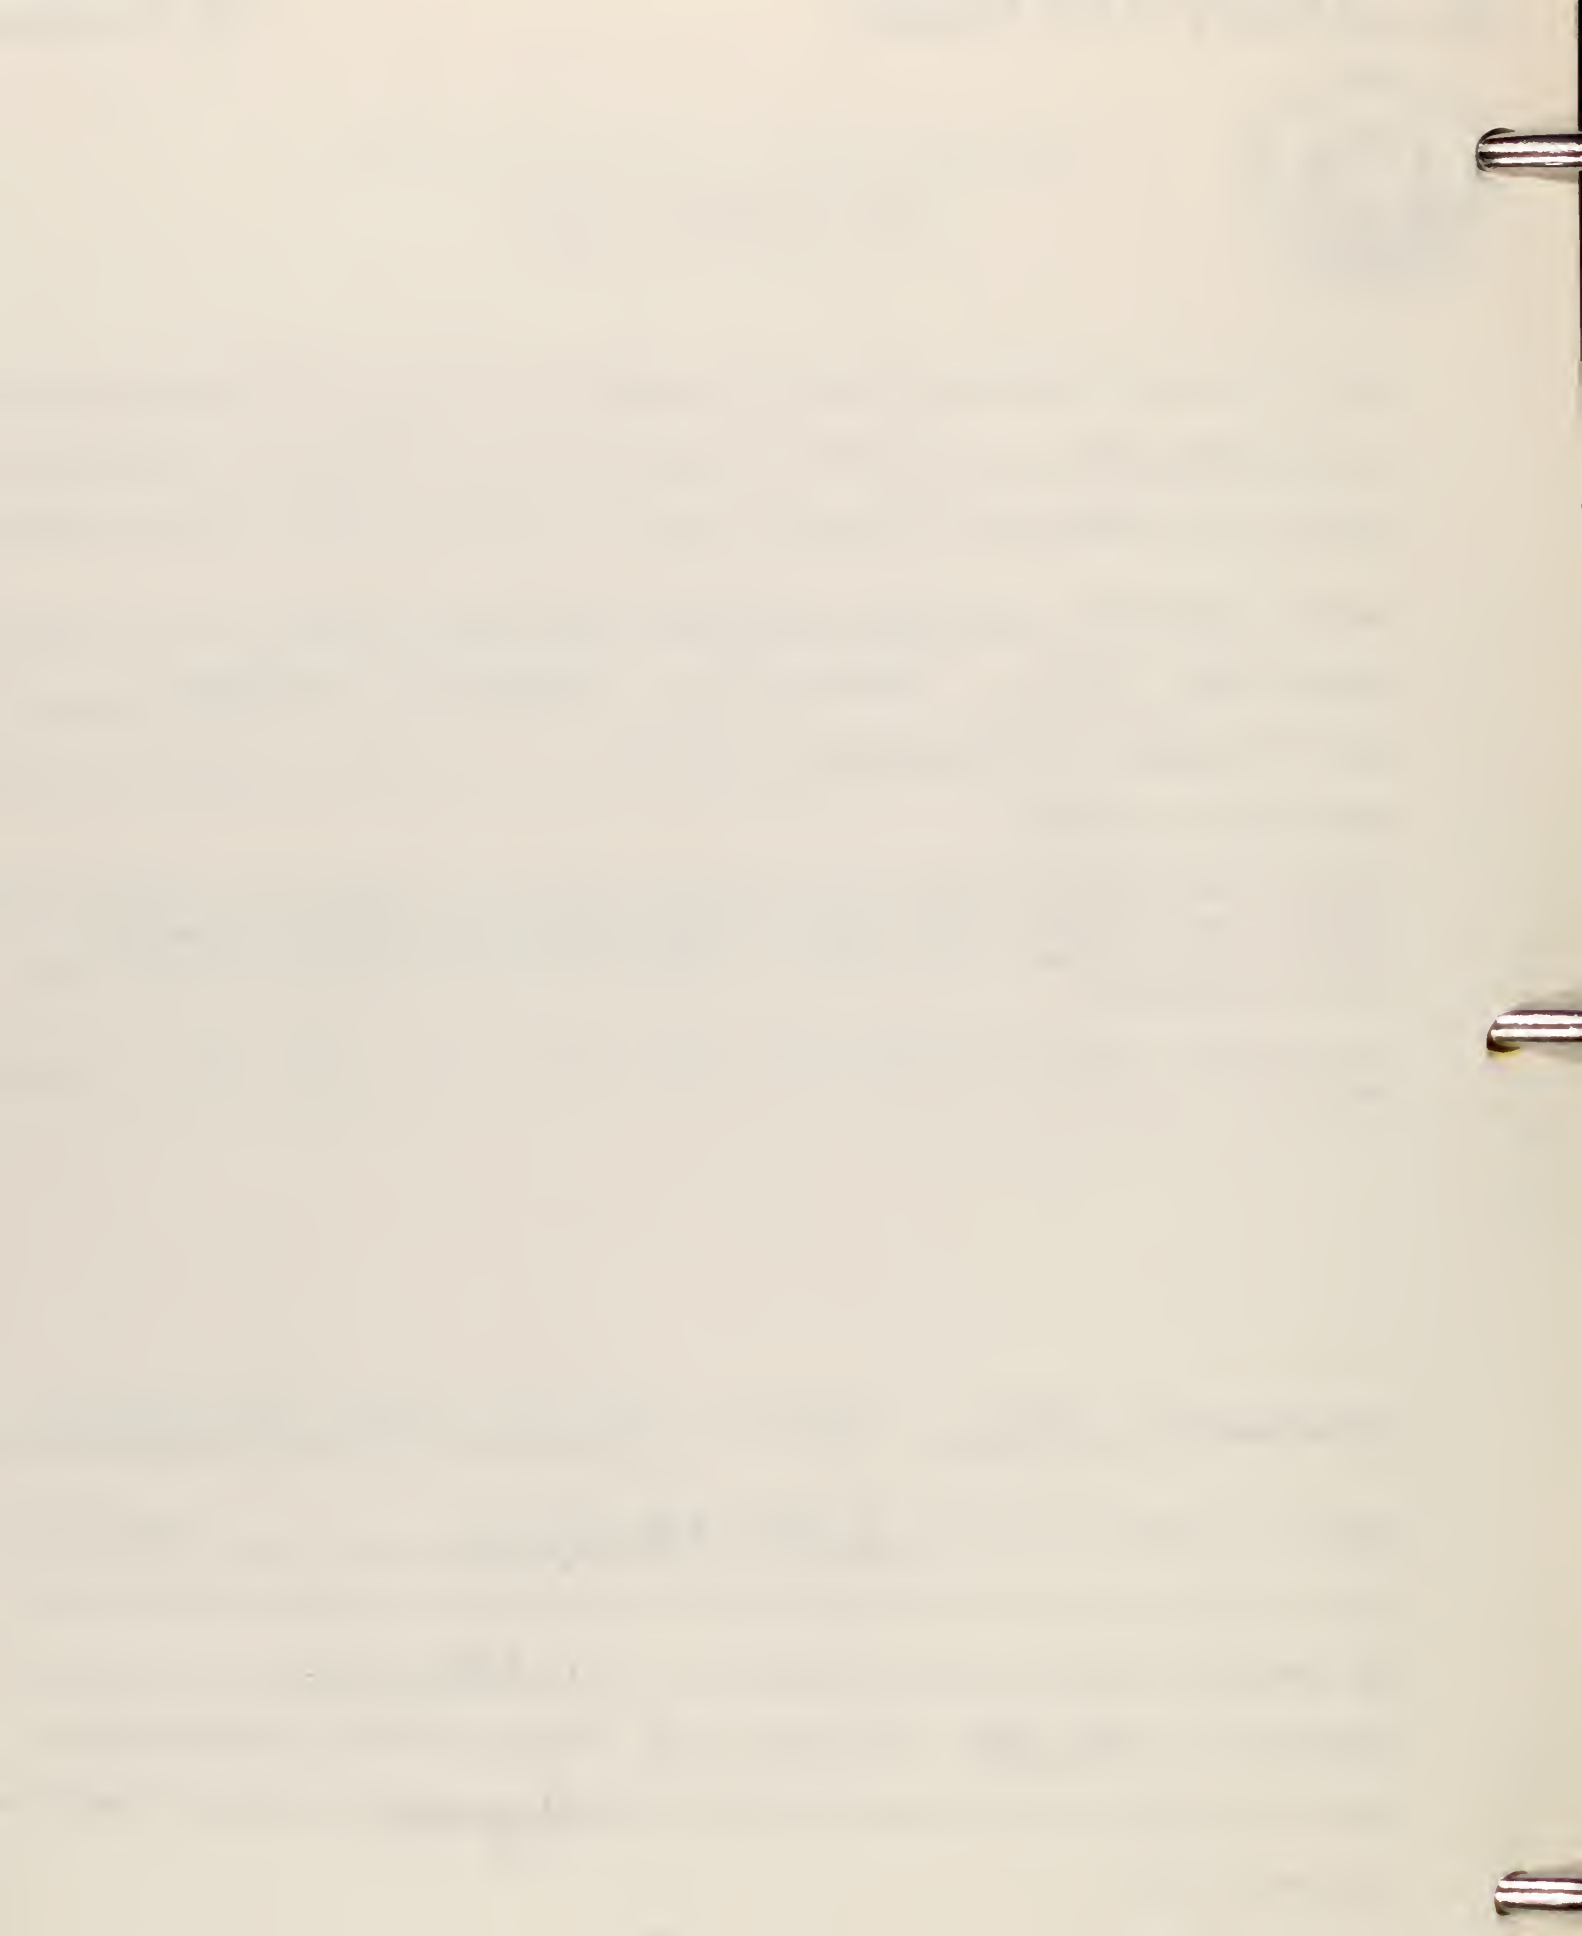

RECOMMENDATION: II/III SUBJECT TO: Submission of final working drawings by next regular meeting of Art Commission.

FOR THE COMMITTEE: Janita Vedeny / pf., Chairperson

ART COMMISSION ACTION at its meeting of 1 Nov. 82:

RESOLUTION NO. 1982-340: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 18 October 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Cable Car Terminal/Powell & Market

REVIEW PHASE: I AGENDA ITEM: 7 PRESENTED BY: Lyn Pio

APPLICANT/AGENCY: PUC, 693 Vermont, S.F. 94107

DESCRIPTION OF PROJECT:

Presentor outlined this project to include: construction of a linear entry structure (overall height of cable cars) surmounted by glass canopy and capped at either end with conductor toiled/dispatch facilities; materials of granite, glass, and baked enamel; a queueing pattern for 180 persons; ticketing/coin change at removed distance near lamp standards; exact signage not yet determined.

The Committee requested careful attention to lighting and detail in the final design.

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 18 October 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Cable Car Terminal/California & Van Ness

REVIEW PHASE: I AGENDA ITEM: 8 PRESENTED BY: Lyn Pio

APPLICANT/AGENCY: PUC, 693 Vermont, S.F. 94107

DESCRIPTION OF PROJECT:

Presentor outlined this project to include: construction (on self-contained island) of a linear waiting structure similar to but simpler than Powell & Market. The project will necessitate elimination of 13 parallel parking spots.

The Committee suggested careful attention to lighting and some strong definition of place—perhaps with flagpoles.

RECOMMENDATION: APPROVAL SUBJECT TO: _____

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 22 November 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: SFGH/Ducting

REVIEW PHASE: II-III AGENDA ITEM: 1 PRESENTED BY: William McCormick

APPLICANT/AGENCY: WILLIAM McCORMICK, F.A.I.A., 215 Kearny St., S.F. 94108

DESCRIPTION OF PROJECT:

Applicant submitted final working drawings for this project to the Committee and indicated that the only changes in the project include: the elimination (for practical purposes) of planting along inner walls; and the fact that louvers on inner walls will start 3' above ground.

The Committee suggested that both doors and louvers be painted deep blue.

PROJECT SUBMISSION: Geneva Car Barn Rehabilitation

REVIEW PHASE: II-III AGENDA ITEM: 2 PRESENTED BY: Ed Tower

APPLICANT/AGENCY: PUC, 693 Vermont Street, S.F. 94107

DESCRIPTION OF PROJECT:

Applicant submitted final working drawings for this project to the Committee and indicated no major changes in this rather straight-forward project.

The pre-fabricated ribbing will be sand-colored with burnt orange accenting.

The Committee suggested the elimination of ficus repens and, instead, the use of wisteria or honeysuckle or jasmine or bogenvia or potato vine or trumpetvine.

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 22 November 1982, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Trenton Street Rehabilitation

REVIEW PHASE: I AGENDA ITEM: 4 PRESENTED BY: Simon Hebel

APPLICANT/AGENCY: DPW/ENGINEERING - CH 260

DESCRIPTION OF PROJECT:

Applicant outlined this project to include: a complete redoing/widening of sidewalk on west side of street (possibly in brick); the elimination of some and relocation of other bollards; the installation of trees on both sides of street.

The Committee suggested the use of tulip trees or honey locust to add a lighter aspect to this rather dark street.

PROJECT SUBMISSION: St. Louis Place Rehabilitation

REVIEW PHASE: I AGENDA ITEM: 4a PRESENTED BY: Simon Hebeler

APPLICANT/AGENCY: DPW/ENGINEERING - CH 260

DESCRIPTION OF PROJECT:

Applicant indicated that the rehabilitation of this strictly pedestrian dead-end
alley will include: a thorough clean-up of the area; new paving and steps; the
addition of play areas.

The Committee suggested: a pipe support entry; planting; and free-standing seating
(Timber-Form) with Chinese symbology routed into the wood.

PROJECT SUBMISSION: Verdi Plaque Replacement

REVIEW PHASE: I/II/III AGENDA ITEM: 3 PRESENTED BY: (Bruce Hasson)

APPLICANT/AGENCY: Bruce Hasson, 729 Heinz St. (Space 5), Berkeley, CA. 94702

DESCRIPTION OF PROJECT:

A new bronze plaque will replace one stolen from the Verdi monument in Golden Gate Park. Since there is no record of exactly what was on the stolen plaque, the new one will repeat a now-obscured quote from D'Annunzio on the rear of the monument. The design of the new plaque will match that of two existing plaques.

PROJECT SUBMISSION: Cable Car Terminal/Victorian Square

REVIEW PHASE: III AGENDA ITEM: 8 PRESENTED BY: Lyn Pio

APPLICANT/AGENCY: PUC, 693 Vermont

DESCRIPTION OF PROJECT:

The Committee approves this phase of the project, subject to the following:

1. Submission of final working drawings;
2. Show relocation of cable car turn-around with new "Q" lines for passenger three small "Victorian Kiosks" (1 = GGNRA; 1 = restroom for conductors; 1 = maintenance men);
3. Shift retaining wall North to align with edge of path, if possible;
4. Since most of the forms are curved, the Northerly triangular stair/terrace should conform for a more unified design expression;
5. Rosemary is not acceptable as a ground cover for such a large area—designer should study use of an ivy or a more even spreading type of ground cover.

RECOMMENDATION: APPROVAL SUBJECT TO: the foregoing five (5) items.

PROJECT SUBMISSION: GGP/Restoration/Japanese Tea Garden Gates

REVIEW PHASE: I/II/III AGENDA ITEM: 4 PRESENTED BY: Robert Malerbi/Mitsuhiro Nagata

APPLICANT/AGENCY: DPW/Architecture, City Hall - 265

DESCRIPTION OF PROJECT:

Applicant defined the project as a thorough replacement of the Main Gate & Temple Gate and the restoration and repair of the South Gate, also including: new ticket booths recessed into the garden at the Main and South Gates; lighter colored roofs; natural plaster panels; ornamentation changed to more universal themes that are less specifically zen; traditional colors of orange for columns, yellow for end facings, and green for windows—all with semi-gloss acrylic finish—to be used at Temple Gate.

Mr. Tom Molloy, General Manager of the Rec & Park Department, further informed the Committee that: that the entire project is being prefabricated in Japan under the general supervision of Mitsuhiro Nagata of Ohayashi-Gumi, Ltd., and will be assembled here by Japanese craftsmen; elements & ornamentation from the original structures will be saved for reuse; the project represents the completion of restoration to all buildings in GGP; cost of the project (exclusive of the South Gate & decorative paving at the Main Gate) is \$526,000.00 Mayor Feinstein has graciously approved a \$500,000.00 allocation for this project from this year's surplus;

RECOMMENDATION: APPROVAL SUBJECT TO: over

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 28 February 1983, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Cable Car Terminal/Victorian Square

REVIEW PHASE: III re-review AGENDA ITEM: 9 PRESENTED BY: Lyn Pio

APPLICANT/AGENCY: PUC, 693 Vermont, S.F. 94107

DESCRIPTION OF PROJECT:

Applicant indicated that engineers for the project concur with the Committee's suggestion that the retaining wall be deleted. However, the engineers, for reasons outlined by applicant, to stay with their original design and not a curvilinear design for the area adjacent to Hyde Street. Applicant also indicated that the engineers would also like to retain the use of rosemary because: the rest of the park is covered with rosemary; it has a nice fragrance; it is drought resistant; it grows very nicely near water; and, unlike ivy, it does not lend itself to the breeding of rats.

The Committee approved of all items subject to the review of the rosemary issue by Commissioner La Rocca.

RECOMMENDATION: APPROVAL SUBJECT TO: Review of the use of rosemary instead of ivy by Commissioner La Rocca.

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 21 March 1983, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Portsmouth Square Improvements

REVIEW PHASE: III Suppl/Rev AGENDA ITEM: 1 PRESENTED BY: Art Lee

APPLICANT/AGENCY: DPW/Architecture - 45 Hyde St.

DESCRIPTION OF PROJECT:

Applicant indicated that the animal sculptures will be left natural grey concrete set on bases of a dark reddish brown color. He further indicated that the design for the climber will be the Chinese script meaning "small children," which lends itself to a step pattern.

Changes in the project include: new wood on the 8' benches; a direct reversal of the proposed mound; use of pre-caste materials in the patio area; tying existing planters into project; including the name and chinese character on base of each animal sculpture; leaving joints in pre-caste paving ungrouted for drainage; all animals to be solidly attached to pre-caste paving.

THEORY OF THE EARTH

The theory of the earth is a branch of geology which deals with the origin and development of the earth and its various parts. It is a science which seeks to explain the processes which have shaped the earth and its features, and to predict the future changes which it will undergo.

The theory of the earth is based on the study of the earth's history, and on the principles of geology. It is a science which is constantly developing, and which is based on the latest discoveries in geology and other sciences.

The theory of the earth is a science which is based on the study of the earth's history, and on the principles of geology. It is a science which is constantly developing, and which is based on the latest discoveries in geology and other sciences.

the City & County of San Francisco does hereby Approve the project submission
indicated herein.

FOR THE C O M M I S S I O N: Frank Gehry-Wang, ppf, Director

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 23 May 1983, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: S.F. Central City Park

REVIEW PHASE: II/III of II AGENDA ITEM: 2 PRESENTED BY: Pat Carlisle

APPLICANT/AGENCY: Royston, Hanamoto, 225 Miller, P.O. 937, Mill Valley 94942

DESCRIPTION OF PROJECT:

Applicant outlined further developments in this project to include: maintaining a "Victorian" aspect to the park reflected in the clock, benches, & lamp standards; use of dark brick on paving to street and matching brick veneer on walls; black half-circle top/not bottom fencing to discourage climbing; gate/panel openings with locking mechanisms; clock set off-center on Eddy St. corner; park to be overlit; upside down bronze step lights in arbor; 12' black/cast-iron lamp standards behind walls in shrubbery; gorco form 10 lighting near high buildings; trash bins of natural concrete aggregate; use of sycamore trees, poplars, black pine, tristenia, turfing, and annuals (narcissus, petunias, etc.).

The Committee suggested exploring the use of honey locust trees.

RECOMMENDATION: APPROVAL SUBJECT TO: Receipt of street wall and grading plans and fencing detail.

FOR THE COMMITTEE: Sanita Volchok/pf., Chairperson

ART COMMISSION ACTION at its meeting of 6 June 1983:

RESOLUTION NO. 1983-607: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

FOR THE COMMISSION: Paul Ellison-Wang/pf, Director

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of
23 May 1983, reviewed the following project submission and recommends
 action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Lafayette Square Rehabilitation

REVIEW PHASE: II/III AGENDA ITEM: 5 PRESENTED BY: David Gates

APPLICANT/AGENCY: DAVID GATES ASSOC., 1533 N. Main, Walnut Creek 94596

DESCRIPTION OF PROJECT:

Applicant presented final working drawings and outlined this project to include: preservation of existing fixtures, trees, planting, seating, and play area; additional paving; creation of a plaza; rehabilitation of play area; possible new benches; expand lawn area; additional sand in play area; installation of central bedding area (to be maintained by local garden club).

The Committee suggested that: an urban plaza be created; trees be planted on grid; drawings reflect paths through pre-planted trees; the projected edging be curvilinear rather than angular.

RECOMMENDATION: APPROVAL SUBJECT TO: Incorporation of conditions suggested above.

FOR THE COMMITTEE: Donna Vidensky /pf, Chairperson

ART COMMISSION ACTION at its meeting of 6 June 1983:

RESOLUTION NO. 1983-622: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

FOR THE COMMISSION: Pam Ellison-Wang /pf, Director

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of
23 May 1983, reviewed the following project submission and recommends
 action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Mission St. Overpass/5th & Garage

REVIEW PHASE: I AGENDA ITEM: 6 PRESENTED BY: Barry von Hungen-Groth

APPLICANT/AGENCY: Architecture/45 Hyde

DESCRIPTION OF PROJECT:

Applicant presented five possible schemes for an overpass of Mission Street between
 4th & 5th Streets.

The Committee declined making any recommendations pending further investigation
 of the project by the Parking Authority.

RECOMMENDATION: WITHDRAWN SUBJECT TO: Further investigation by Parking Authority.

FOR THE COMMITTEE: *Steve Vukobratovic*, Chairperson

ART COMMISSION ACTION at its meeting of _____:

RESOLUTION NO. _____: Therefore, be it resolved that the Art Commission of
 the City & County of San Francisco does hereby _____ the project submission
 indicated herein.

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 23 May 1983, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Trenton Alley Rehabilitation

REVIEW PHASE: III AGENDA ITEM: 7 PRESENTED BY: Loriann Gordon

APPLICANT/AGENCY: Architecture/45 Hyde

DESCRIPTION OF PROJECT:

Applicant presented final working drawings to the Committee and outlined the project to include: making the alley a one-way street; widening sidewalks slightly less than 3' with truck indents in two areas for loading; installation of patterned sidewalk; pre-cast bollards on west side of street; pre-cast fixtures with acid etched design; black steel tree rods/collars; benches of natural sealed Alaskan cedar; a mural; leave extant metal bollards on east side of street; installation of ficus trees; Bergenia Crassifolia fronting mural.

The Committee suggested the use of interlocker paving instead of bomanite.

RECOMMENDATION: APPROVAL SUBJECT TO: Use of interlocker paving.

FOR THE COMMITTEE: [Signature], Chairperson

ART COMMISSION ACTION at its meeting of 6 June 1983:

RESOLUTION NO. 1983-802: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

PROJECT SUBMISSION: Performing Arts Garage/Signage

REVIEW PHASE: I/II/III AGENDA ITEM: 10 PRESENTED BY: Nelson Wong

APPLICANT/AGENCY: Parking Authority, 450 McAllister, 94102

DESCRIPTION OF PROJECT:

Applicant outlined this project to include: installation of two free-standing, steel reinforced, 1/8" thick, black fibreglass signs (9'8" tall/3'6" wide) reading "Performing Arts Garage Automobile Entrance"; interior signage will identify levels by stylized symbols, colors, and numbers (porcelain on steel bands).

PROJECT SUBMISSION: Drumm Street Bus Shelter

REVIEW PHASE: II/III AGENDA ITEM: 11 PRESENTED BY: Tim Leonoudakis

APPLICANT/AGENCY: Airporter, 923 Folsom St., San Francisco 94107

DESCRIPTION OF PROJECT:

Applicant presented final working drawings for this project and outlined it to include: structure of anodized aluminum and glass (bronze color) with roof of white lucite; lighting in center of ceiling with photo cell; identifying logos in relative colors on front, sides, and back; transportation schedules on interior back wall; structure to be balanced within pattern of existing trees; interior benches of anodized aluminum (bronze).

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 20 June 1983, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Cleanwater Program/S.E. Community Facility

REVIEW PHASE: I AGENDA ITEM: 2 PRESENTED BY: John Davis

APPLICANT/AGENCY: Jefferson Assoc., 683 McAllister, S.F. 94102

DESCRIPTION OF PROJECT:

Facility overlooks and adjoins the Southwest Water Pollution Control Plant and is a civic agreed-upon contribution to the community in exchange for the plant's existence, serving as "art enrichment." Programmed in association with community groups, it will serve for education, health, day-care, and senior center. Parking and open space separate it from a series of greenhouses which connect with a warehouse, display and sales area. Facility is multi-level, stepping down the hill, 3 stories high at the greenhouse area. The Committee feels that, as viewed, the building has the potential for being quite exciting as architecture, but is concerned about materials and appropriateness. The drawing and model submitted were sketchy, and best understood by professionals. It asks for a series of drawings (accurate perspectives) which will let the users fully understand the building design for their approval, and that the Committee be given interim reports before Phase II (scheduled for late fall) is submitted.

RECOMMENDATION: APPROVAL SUBJECT TO: Above stipulations.

FOR THE COMMITTEE: Smilin' Indemulby/pf., Chairperson

ART COMMISSION ACTION at its meeting of 6 July 1983:

RESOLUTION NO. 1983-644: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 20 June 1983, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: St. Louis Alley Beautification

REVIEW PHASE: III AGENDA ITEM: 3 PRESENTED BY: Loriann Gordon

APPLICANT/AGENCY: DPW/Engineering, 45 Hyde Street

DESCRIPTION OF PROJECT:

Shade plants, a ramp, some brick, and an iron railing with logo decoration are planned. Iron railing to be black.

The Committee suggests that logo decoration be red for brightness in a shaded place.

RECOMMENDATION: APPROVAL SUBJECT TO: _____

FOR THE COMMITTEE: Dimitri Vidensky /pf., Chairperson

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 20 June 1983, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Cayuga Playground Rehabilitation

REVIEW PHASE: I AGENDA ITEM: 4 PRESENTED BY: Shannon Maloney

APPLICANT/AGENCY: DPW/Engineering - 45 Hyde Street

DESCRIPTION OF PROJECT:

A flat, square playground will be rehabilitated with play equipment, sand, and a patio area defined by raised planting areas with alcoves, benches, a bosk of trees, and colored paving. The Committee requests that colored paving pattern complete the square suggested.

RECOMMENDATION: APPROVAL SUBJECT TO: _____

PROJECT SUBMISSION: MUNI/Operators' Restrooms (five locations)

REVIEW PHASE: III AGENDA ITEM: 4 PRESENTED BY: David P. Suloff

APPLICANT/AGENCY: PUC, 693 Vermont, S.F. 94107

DESCRIPTION OF PROJECT:

The basic design for this project is as earlier approved. Three of the white units will have covered shelters with a seat. Basic color will be a light tan (including metal doors), but new fascia over shelters will be in MUNI colors.

The Committee asks for seats to be solid in appearance (rather than open under, solid to the ground, with a recess at the base similar to the facility itself).

The Planning Commission has required planters. This committee rejects them as miniscule, unmaintained, and a potential desert—if not worse.

RECOMMENDATION: APPROVAL SUBJECT TO: Working drawings reflecting above stipulations.

FOR THE COMMITTEE: Smith, J. J. /pf., Chairperson

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 18 July 1983, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Larsen Playground Rehabilitation

REVIEW PHASE: I AGENDA ITEM: 3 PRESENTED BY: Shannon Maloney

APPLICANT/AGENCY: DPW/Engineering, 45 Hyde

DESCRIPTION OF PROJECT:

Applicant outlined this project to include: leaving existing play structures and mature cypress/pine trees; leaving existing fencing but adding a double row of trees; elimination of asphalt and replace with sand in play area; creation of a seating wall, a trellis of concrete and sono-tube, and an arbor & gateway at existing entrance.

The Committee suggested that the new gateway have a sequentially diminishing perspective.

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 18 July 1983, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: MUNI/Ticket Vending Machines/7 locations

REVIEW PHASE: I/II/III AGENDA ITEM: 6 PRESENTED BY: Finn Haaskjold

APPLICANT/AGENCY: PUC, 693 Vermont, S.F. 94107

DESCRIPTION OF PROJECT:

Applicant outlined the following locations and number of ticket vending machines to be installed along the cable car routes: Van Ness & California (1); Powell & California (2); Powell & Post (1); Powell & Market (5); California & Drumm (2); Taylor & Bay (3); Beach & Hyde (4).

The Committee that the three machines at Taylor & Bay Streets be re-situated: two machines on Bay Street to be placed at each end of the sidewalk waiting area facing in to the turn table; one machine on Taylor Street sidewalk area facing in to turn table.

RECOMMENDATION: APPROVAL SUBJECT TO: Incorporation of the foregoing suggestions and subsequent receipt of graphics and signs

FOR THE COMMITTEE: Robert W. Rocco/pf., Chairperson

ART COMMISSION ACTION at its meeting of 1 August 83:

RESOLUTION NO. 1983-679: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby Approve the project submission indicated herein.

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 18 July 1983, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: SFIA/South Terminal/Tunnels A & C

REVIEW PHASE: I/II AGENDA ITEM: 7 PRESENTED BY: John Costas, et al.

APPLICANT/AGENCY: SFIA, 94128

DESCRIPTION OF PROJECT:

Applicant noted the site of this project to be two natural concrete connector tunnels (8' x 22' x 230') with moving walkways (1 1/2 minute transit) and outlined interior ornamentation to include: oxidized & varnished cor-ten steel panels placed intermittently concave & convex along one wall, superimposed with 1/4" shadow relief, and punctuated with colored neon brackets; plexi-covered neon tubing arches over mover at 16' intervals; no repeat patterns in steel and neon bracket graphics; railing protector in front of steel panels; floor color of dark grey; wall color of reddish/brown rust; ceiling to be darkish synthetic acoustic with louvered white lo-brite neon; entire effect of tunnel should be "a piece of art" as a structure and should have a theatrical quality that creates a "feeling of rhythms (of) happy forms in movement."

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 24 October 1984, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Cleanwater Program/South East Community Facility

REVIEW PHASE: I-supp. AGENDA ITEM: IV PRESENTED BY: _____

APPLICANT/AGENCY: Jefferson Associates 683 McAllister SF 94102

DESCRIPTION OF PROJECT:

Summittal of detailed drawings as per Committee request of 6-20-83.
Plans include: use of glass blocks; inclusion of a community college, Senior Center, Day Care Center and Dining Court. Commissioner Vedensky encouraged the Community to carefully reconsider the use of board/concrete as it becomes very slick and dark when wet. Alternatives could be integral colors or paint.

The community center is being considered in lieu of the Art Enrichment Program.

RECOMMENDATION: approved SUBJECT TO: _____

FOR THE COMMITTEE: _____, Chairperson

ART COMMISSION ACTION at its meeting of 7 November 1983:

RESOLUTION NO. 1983-761: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby approve the project submission indicated herein.

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 24 October 1983, reviewed the following project submission and recommends action to the Commission as indicated--subject to such conditions as may be noted.

PROJECT SUBMISSION: SFIA / Boarding Area B

REVIEW PHASE: II AGENDA ITEM: VI PRESENTED BY: Dave Fong

APPLICANT/AGENCY: Esherick/Homsey/Dodge/Davis

DESCRIPTION OF PROJECT:

Applicant presented final plans for the South Terminal Boarding Area B to include: adding space to accomodate concessions and changing the external appearance of the boarding bays; amplifying space proximate to the baggage areas; additional office and toilet space; reconstruction of ramp elevation; stucco blank walls in concessions and offices; enamel panels with glass and aluminum mullions in the hold area; signage similar to Central Terminal signage; window shading of up to 40 degrees.

Applicant was asked to submit further detailed plans, elevations, blowups and sections to the Arts Commission.

Drawings are to be finished and bids requested by the end of November 1983.

RECOMMENDATION: approved SUBJECT TO: submission of plans, etc. as above.

FOR THE COMMITTEE: _____, Chairperson

SAN FRANCISCO ART COMMISSION
CITY AND COUNTY OF SAN FRANCISCO
RESOLUTION NO. 1983-789

RESOLVED, that this Commission does hereby authorize the modification of the marble surface leading up to and away from the Korean sculpture in Justin Herman plaza to increase safety during wet weather, allowing change except for the use of "skid strip."

I HEREBY CERTIFY THAT THE FOREGOING RESOLUTION WAS ADOPTED BY THE
COMMISSION AT ITS MEETING OF December 5, 1983

CLAIRE N. ISAACS
DIRECTOR

Dianne Feinstein
MAYOR

Claire N. Isaacs
DIRECTOR

DATE: December 12, 1983

TO: Mr. Tom Malloy, Director, Recreation and Parks

FROM: Ms. Claire N. Isaacs, Director, Arts Commission

RE: RESOLUTION OF ARTS COMMISSION No. 1983=789, Justin Herman Plaza
Modification of marble leading up to Korean sculpture for safety purposes

Here is the resolution of the Arts Commission regarding the above safety matter.

The Commission is aware of the need to make this modification and exempted only the use of "skid strip" materials which tend to an unaesthetic appearance and become increasingly unattractive with wear.

A large, stylized handwritten signature in dark ink, consisting of several loops and a long horizontal stroke extending to the right.

C I V I C D E S I G N C O M M I T T E EACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 19 December 1983, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Pfeiffer Street Modification

REVIEW PHASE: I, II, III AGENDA ITEM: 1 PRESENTED BY: Paul Letteiri, Mary Rubin

APPLICANT/AGENCY: Jack Scott & Associates, 2182 Greenwich St., San Francisco, 94123

DESCRIPTION OF PROJECT:

Pfeiffer Street will be developed as a residential/pedestrian park area. Project will include: 1) a design plan similar to the Filbert & Francisco street steps 2) a concrete stairway leading to the upper level of the street 3) railway ties at street level 4) integral color concrete at street level 5) Integration of the di Martini Mansion (visually) with the newer buildings 6) planting of ivy at the lower level and nasturtium at the upper levels, to be irrigated with an automatic controller 7) An upper deck measuring 8' x 12' 8) two benches.

RECOMMENDATION: Approved SUBJECT TO: Review of landscape plans by Commissioner La Rocca

FOR THE C O M M I T T E E: Dmitri Vedenky, Chairperson

ART COMMISSION ACTION at its meeting of January 9, 1984:

RESOLUTION NO. 1984-30: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby approve the project submission indicated herein.

FOR THE C O M M I S S I O N: Jim R. B. for, Director

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 19 December 1983, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: South of Market Park

REVIEW PHASE: I AGENDA ITEM: 2 PRESENTED BY: Richard Litwin

APPLICANT/AGENCY: Omi Lang Associates

DESCRIPTION OF PROJECT:

Development of Park on area bordering 6th & Folsom streets. Area will include approximately 36,000 sq. feet. A lawn area, a basketball court and a formal garden area will be added to the existing site which includes a recreational building. A trellis area will be developed (from a non-flammable material).

RECOMMENDATION: Approved SUBJECT TO Review by Visual Arts Committee for Art Enrichment

FOR THE COMMITTEE: Dmitri Vedenyski, Chairperson

ART COMMISSION ACTION at its meeting of January 9, 1984:

RESOLUTION NO. 1984-31: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby approve the project submission indicated herein.

FOR THE COMMISSION: Jim Rull for, Director

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 19 December 1983, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: DPW/Southeast Community Facility/Clean Water Program

REVIEW PHASE: II AGENDA ITEM: 3 PRESENTED BY: William McEvoy, Don Munakata

APPLICANT/AGENCY: DPW

DESCRIPTION OF PROJECT:

Applicant presented materials to be used in the Community Facility Building. Materials consisted of ferro-enamel and molded concrete. There is a wide variation between materials in terms of substance and colors. The Committee questioned whether these various materials and colors would provide a balanced look to the building. Applicant stated that there is roughly an 85-15% ratio between materials that differ, with the major part of the building being of one material/color.

Committee asked that elevations be submitted to the Art Commission office which show the transition of materials.

RECOMMENDATION: approved SUBJECT TO: submission of elevations showing transitions.

FOR THE COMMITTEE: Dmitri Udenyuk, Chairperson

ART COMMISSION ACTION at its meeting of 9 January 1984:

RESOLUTION NO. 1984-32: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby approve the project submission indicated herein.

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of
19 December 1983, reviewed the following project submission and recommends
 action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Trenton Alleyway Beautification

REVIEW PHASE: III AGENDA ITEM: 4 PRESENTED BY: LoriAnn Gordon

APPLICANT/AGENCY: DPW/Bureau of Architecture

DESCRIPTION OF PROJECT:

Applicant presented final drawings to the Committee for a park area to be situated in the Trenton Street Alleyway. The Park will have a "Tai-Chi" area and an Oriental theme. The pavement will exist in a grid pattern with charcoal for color effect and oriental symbols at the end of each retaining wall. Landscaping will consist of Bonsai or pine and bamboo. There will be rocks for seating. The Committee asked whether the lighting would be improved for safety factors. Applicant stated that if the area is categorized by the City as a park rather than an alleyway, another City Agency could install lights.

RECOMMENDATION: Approved SUBJECT TO: _____

FOR THE COMMITTEE: Dmitri Vedenky, Chairperson

ART COMMISSION ACTION at its meeting of 9 January 1984:

RESOLUTION NO. ±984-33: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby approve the project submission indicated herein.

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 19 December 1983, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Rooftop Recreation - Hall of Justice

REVIEW PHASE: I, II AGENDA ITEM: 5 PRESENTED BY: Tom Fukuda

APPLICANT/AGENCY: DPW/Department of Architecture

DESCRIPTION OF PROJECT:

Applicant presented drawings and a model for the renovation of the rooftop area of the Hall of Justice. Plans for renovation include 1) removing a portion of the existing roof area 2) enlarging the multi-use room 3) adding a gymnasium, a storage area and a law library. Materials will include cast stone and glass blocks to match the existing materials.

Working drawings will be submitted to show that the openings in the new addition align to those in existing pattern and that the
RECOMMENDATION: Approved SUBJECT TO: granite finish aligns to the existing building

FOR THE COMMITTEE: Dmitri Vedensky, Chairperson

ART COMMISSION ACTION at its meeting of 9 January 1984:

RESOLUTION NO. 1984- 34: Therefore, be it resolved that the Art Commission of the City & County of San Francisco does hereby approve the project submission indicated herein.

FOR THE COMMISSION: John O'Rourke, Director

CIVIC DESIGN COMMITTEE

ACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Art Commission, at its meeting of 19 December 1983, reviewed the following project submission and recommends action to the Commission as indicated—subject to such conditions as may be noted.

PROJECT SUBMISSION: Little Hollywood Playground Memorial Stone

REVIEW PHASE: I, II, III AGENDA ITEM: 6 PRESENTED BY: _____

APPLICANT/AGENCY: DPW

DESCRIPTION OF PROJECT:

Applicant presented drawings of a memorial stone to be placed in the Little Hollywood Park commemorating Mr. Clarence Fleming whose efforts were instrumental in establishing the park. The memorial stone will measure 18" x 24" x 12" and will be of white sierra granite. The letters will be 3/4" Letter Gothic and will commemorate Mr. Fleming.

The memorial stone will be palced among other existing rocks in the park area which are similar in tone to the white sierra granite.

RECOMMENDATION: Approved SUBJECT TO: _____

FOR THE COMMITTEE: Dmitry Vedenky, Chairperson

The Civic Design Committee of the San Francisco Arts Commission, at its meeting of December 19, 1983, reviewed the following project and recommends action to the Commission as indicated, subject to such conditions as may be noted.

PROJECT SUBMISSION: Holocaust Memorial Site Review REVIEW PHASE I-supplementalAGENDA ITEM: VIII-added PRESENTED BY: Mr. Asa Hanamoto, Ms. Rhoda GoldmanDESCRIPTION OF PROJECT:

Applicant presented revision of previously presented plans. Revisions include increased curvature of the area to reflect the existing curve of the balustrade. The relationship of the slope to the path was discussed, and the placement of a low sloping curve with foliage was added to eliminate the harshness of the concrete wall.

A ramp will be placed at a 6% grade for access by the handicapped.

Committee requested a section drawing illustrating the percentage of the slope and asked that it be presented to the full Arts Commission at their next monthly meeting.

COMMITTEE RECOMMENDATION: approved SUBJECT TO: above request

DIRECTORACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Arts Commission, at its meeting of December 19, 1983, reviewed the following project and recommends action to the Commission as indicated, subject to such conditions as may be noted.

PROJECT SUBMISSION: S.East Facility/Clean Water Program REVIEW PHASE IIAGENDA ITEM: III PRESENTED BY: William McEvoy, Don MunakataDESCRIPTION OF PROJECT:

Presentation of materials for lower building area (molded concrete). Top and side area will be of ferro-enamel. Pattern is concentric rings which move into the lobby area.

Applicant noted that project has been submitted to user groups/community members and has met with approval.

Committee questioned whether elevations had been presented; questioned use of widely varying materials and forms. Request elevations describing the transition of materials.

COMMITTEE RECOMMENDATION: approved SUBJECT TO: presentation of elevations

FOR THE COMMITTEE: _____, CHAIRPERSON

ARTS COMMISSION AT ITS MEETING OF January 9, 1984, RESOLUTION NO. 1984-32

THEREFORE, be it resolved that the Arts Commission of the City and County of San Francisco does hereby approve the project submission indicated herein.

DIRECTORACTION RECOMMENDATION FORM

The Civic Design Committee of the San Francisco Arts Commission, at its meeting of December 19, 1984, reviewed the following project and recommends action to the Commission as indicated, subject to such conditions as may be noted.

PROJECT SUBMISSION: OMI Lang Associates/South of Market Park REVIEW PHASE IAGENDA ITEM: II PRESENTED BY: Richard LitwinDESCRIPTION OF PROJECT:

Plans call for the creation of a park bordering 6th, Folsom and Harriet Streets (approximately 36,000 sq. feet).

A recreation facility will be built as well as a basketball court, a formal garden and a senior citizens area. Applicant is working with Marquis & Associates on building plans. Working drawings are due at the end of the year.

Budget for Art Enrichment is approximately \$14,000. Project may include a wall mural on the side of a garage. Applicant noted that these plans are included in their budget & will be separate from the Art Enrichment project.

COMMITTEE RECOMMENDATION: approved SUBJECT TO: final plans for Art Enrichment

FOR THE COMMITTEE: _____, CHAIRPERSON

ARTS COMMISSION AT ITS MEETING OF January 9, 1984, RESOLUTION NO. 1984-31

THEREFORE, be it resolved that the Arts Commission of the City and County of San Francisco does hereby approve the project submission indicated herein.

Dear Mr. Ferdon:

This is in response to your letter dated October 12, 1984 addressed to the Department of City Planning (Mr. David Lynch) and pertaining to the Pfeiffer Street Encroachment Permit.

On December 19, 1983, Ms. Mary Rubin of Jack Scott and Associates and Mr. Paul Lettieri of A.M. Guzzardo and Associates attended the Arts Commission's Civic Design Committee meeting and presented plans for the Pfeiffer Street project. These plans were approved in full, with recommendation for approval by the full Arts Commission. On January 9, 1984, the Arts Commission did indeed approve the project, as indicated on page 4 of the minutes which I have enclosed for your reference. As the minutes indicate, approval was in the form of a resolution, numbered 1984-30.

It is my understanding that Ms. Rubin is in possession of all documents necessary for the realization of this project, including approval from the Department of Public Works.

If I can be of further assistance to you in this matter, please do not hesitate to contact me.

Sincerely,

Regina Almaguer

Re: Pfeiffer Street View Platform,
Revocable Encroachment Permit

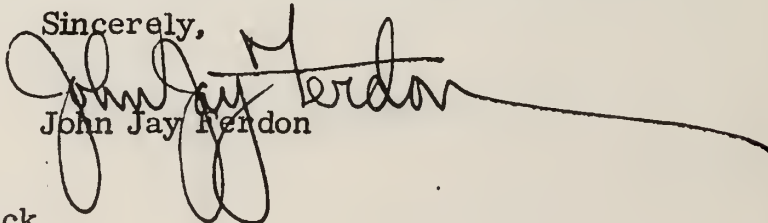

Gentlemen:

With reference to your Memorandum, dated September 12, 1984, on the above subject matter, and particularly CPC Resolution No. 8563, April 10, 1980, we have noted, and orally directed attention of the fact to the other appropriate City and County entities, that there apparently has not been the essential submission and approval, under the circumstances, of this particular project by the Art Commission (City and County of San Francisco Charter, Part Eleven, Section 3.601).

Though your Department has stated "configuration (has) been reviewed and considered in unusual detail for a project of such modest scale", we believe this fundamental requirement may have been overlooked. Our clients, Mr. and Mrs. Raymond V. Frick, who own most of the adjacent realty, would appreciate your response to this proper inquiry about processing of such an unanticipated action in the Planned Unit Development since it so vitally affects their substantial interests.

With thanks for your customary courteous cooperation, we are

Sincerely,

John Jay Ferdon

DIRECTOR

The Civic Design Committee of the San Francisco Arts Commission, at its meeting of December 19, 1983, reviewed the following project and recommends action to the Commission as indicated, subject to such conditions as may be noted.

PROJECT SUBMISSION: Rooftop Recreation/Hall of Justice REVIEW PHASE I, IIAGENDA ITEM: V PRESENTED BY: Tom FukudaDESCRIPTION OF PROJECT:

Existing multi-use room is inadequate for maximum use. Part of roof will be removed and a gymnasium added (approx. 20-25 feet). A storage room/law library will also be added. Materials will be of glass blocks and cast stone to integrate into the existing design. Alignment of design panels will be reviewed further in Phase IIII working drawings.

Construction is due to begin in June, 1984.

Dec. 18

To Regina Almaguer
From Claire Isaacs
Re: Civic Design Review

The attached request for the agenda was in the wrong in box for me and I have just discovered it.

I suggest you give Mr. Walter Kocian a call to learn if he is planning to attend on Dec. 19. Be sure that the agenda is revised to show this item (by simply typing it in and seeing that the revised agenda is available at the meeting, plus placed in the files). (Reason: we have some concern that items like this added without notice to the public or any indication in our files can give difficulty at a later date should the project prove controversial. E.G. the records show no agenda item for the Holocaust memorial from the Visual Art Committee, because it came in as a committee report, and there was no way it could be noted in advance by the public. I don't believe this is that sort of item but it is important to keep good records for those who are not familiar with it. In actuality, it should not be discussed without being on the printed agenda; however, I cannot see when this came in and we can't hold it up. As a Phase I, II and III, it is probably a minor item. This was not in my box a few days ago, so it must have been misplaced.

Ms. Regina Almaguer
San Francisco Arts Commission
45 Hyde Street - Room 319
San Francisco, CA 94102

Dear Ms. Almaguer:

Thank you for your cooperation pursuant to the scheduling of the Pfeiffer Park project on the December 19 Arts Commission agenda.

As we have discussed, the plans for the park have been complete for some time. We would like to present all design review stages at the December 19 hearing in order to expedite the permit process.

The following is a brief description of the proposed project that is scheduled to commence at the time of permit issuance.

The area proposed as Pfeiffer Park is the unimproved portion of Pfeiffer Street, East of Grant Avenue between Chestnut and Francisco Streets.

The park has been a cooperative endeavor with the hill-dwellers. It was conceived as an area for the neighborhood as well as the public. A viewing area is proposed that will access the citizenry to the view over the San Francisco Bay.

The landscaping was conceived in keeping with the character of the hillside.

If any questions arise before the hearing date please do not hesitate to contact me.

Sincerely,

Mary Rubin

Re: Pfeiffer Street Park

Dear Mr. Lee:

As a result of hearings, A. Cal Rossi, Inc., the developer of the Telegraph Hill Condominium Project has offered to landscape the Pfeiffer Street area.

The Telegraph Hill Dwellers have reviewed and approved the landscape scheme. It is their concern that the area become a dedicated City park so no possibility will remain for the space to be sold.

The Negative Declaration issued by the Department of City Planning proposes that this land be transferred from the Department of Public Works to the Recreation and Parks Department, and that final approval will rest with Recreation and Parks, as well as City Planning.

When the issue was discussed with Recreation and Parks, they did not reply favorably to the transfer of this area into their jurisdiction, wanting no responsibility for the approval of the plans.

The issue was, at this point, reviewed with City Planning by Mr. Dave Lynch. Mr. Lynch gave his oral approval to the proposed scheme. City Planning has no objections to letting the park remain within the jurisdiction of DPW so long as the developer agrees to maintain the space. (The Negative Declaration states the project sponsor will be responsible for the maintenance.).

After some time it was decided the appropriate procedure for approval of the area landscape scheme was to apply for a major encroachment permit. It is our understanding that Jack Early (a member of the Hill Dwellers) was issued a permit in 1962 to landscape this area. He has agreed to transfer the permit to A. Cal Rossi. When this office receives a copy of this permit we will promptly forward it to the Department of Public Works.

This park was planned by the Developer and the Hill Dwellers for the enhancement of the neighborhood. The equipment being used on the condominium site is necessary for the landscaping of the park, and is extremely expensive.

Pfeiffer Street Park - page 2

In light of all the confusion as to how to handle the approvals, this project has experienced many costly delays.

It would be greatly appreciated by all concerned parties if the enclosed plans for the major encroachment permit could be reviewed by all the appropriate parties as soon as possible. Please feel free to contact this office or Paul Lettieri at Anthony Guzzardo for any additional information. Thank you in advance for your prompt attention to this matter.

Sincerely,

Dear Mr. Ekenberg:

Ex Officio Members:

Presidents of the
Fine Arts Museums
Library Commission
Planning Commission
Recreation and Park
Commission

Thank you for your phone call of today regarding the Civic Design Committee. As we mentioned, the next meeting will be held in the Main Library, 3rd Floor Commissioner's Room, on December 19, 1983 at 1:30 p.m.

We will place your project on the agenda for this meeting, and will be mailing you an agenda early next week. I have enclosed a copy of the submission requirements for Civic Design projects, and hope that it will be of use to you in planning a presentation to the Civic Design Committee.

If I can be of further assistance, please do not hesitate to contact me. Or, you may wish to phone the Chairman of the Civic Design Committee, Mr. Dmitri Vedensky. His phone number is 421-2979.

Thank you for your assistance in this matter.

Sincerely,

Regina Almaguer
Acting Coordinator, Civic Design

Ms. Mary Reuben
Jack Scott and Associates
2182 Greenwich Street
San Francisco, CA 94123

Dear Ms. Reuben:

Thank you for your recent inquiry regarding placement on the Arts Commission's Civic Design Committee agenda. I will place your firm's name and the project title on the agenda for Monday, December 19, 1983. The meeting will be held in the third floor Commissioner's Room of the Main Library, located in Civic Center. The meeting will begin at 1:30 p.m.

For this meeting, your firm should prepare a description of the project, naming the site involved, its exact location, projected dates of commencement and completion, and any other pertinent factors. At the meeting, please be prepared to have photographs of the existing site and plans of your project for review.

The Civic Design Committee reviews architectural design plans in stages, as follows:

Phase I - presentation of the basic concept to the Committee, including plans and sketches

Phase II- working drawings, models

Phase III- working drawings and models, with any alterations requested during Phase II hearings.

As you have stated that your plans are fairly complete, you may wish to request review of all three phases at this meeting.

I hope that this information will be helpful to you in clarifying the procedures of the Civic Design Committee. Should you have further questions or concerns, please phone me at the Arts Commission Offices, 558-3463. Otherwise, I will be awaiting a letter of request for placement on the December 19 agenda, with a description of your project.

Thank you for your consideration of the above.

Sincerely,

A handwritten signature in cursive script that reads "Regina Almaguer". The signature is written in dark ink and is positioned above the typed name and title.
